DELEGATIONS

Mayor Thomas explained the Delegations period and opened this portion of the meeting at 9:25 a.m.

1 Ed Benjamin, 202 S Wells Street. Mr. Benjamin commented that Highway 79 is a major entrance to Panama City Beach and the area is close to commercial low density. He questioned future height limitations for buildings on Highway 79.

2 Gary Beck, 17001 Front Beach Road. Mr. Beck commented on his BP oil spill lawsuit.
Genese Hatcher, 203 S Wells Street. Ms. Hatcher commented that she wants to know how she can be involved with meetings that are in reference to height restrictions. Mayor Thomas explained the Planning Board meetings are open to the public.

With no further comments, the Mayor closed the Delegations period at 9:36 a.m.

Mayor Thomas asked Chief Whitman to explain the Baker Act Process.

**ATTORNEY REPORT**

Ms. Myers explained the Planning Board is reviewing the Comprehensive Plan one chapter per meeting and asked what the best way would be to communicate the changes to the Council. Councilman McConnell stated he would prefer quarterly workshops. There were no objections.

Ms. Myers asked the Council if they would like to extend the Spring Break ordinances that are only effective in the month of March to be extended into the month of April. Councilman Casto commented the ordinances in place are working well and should not be changed. All Council members agreed.

Ms. Myers asked for direction on the pending dispute with David Chapman. Mr. Chapman requested additional height through the Height Incentive process and requested we enter the dispute resolution process. Ms. Myers explained she met with all Council members separately on the matter, and based on those meetings proposed to Mr. Chapman to reduce the incentives required of him to match the given height. Councilman Solis commented he was never for the Height Incentives. It would be unfair for Mr. Chapman to get anything above what is given to other contractors. Councilman McConnell commented the offer presented from the Council is fair.

**CITY MANAGER REPORT**

Mr. Gisbert read the open bids and available jobs. He commented housing has been a key issue to the restoration of our community. There are a fair number of people that are without homes. The Building and Planning Department prepared a spreadsheet reflecting 1,046 number of units under construction. Next year he projects to have another 701 units between hotels, condos, and single-family homes in progress. Councilman Chester asked for a list that includes what is available in the County. Mr. Gisbert stated we had great representation from our state and federal representatives. They have asked for a list of items they can move up the hill. A tentative list has been made that includes Bay Parkway. Currently there is a 100% FEMA reimbursement for Part A and B for only 5 days and we would like to see that 30 days or longer. The match currently is 75% federal and state and the other 25% is paid by the municipality. The City was hoping FEMA Category B expenses would be funded 100% by the state and federal government, and asking FEMA Category A through G expenses be funded at 90%, where the municipality will only have to pay 5%. There has been discussion of having a half cent sales tax to benefit the entire state for hurricane recovery.

**COUNCIL COMMENTS**

Councilman Chester had no comments.

Councilman Solis commented gas stations had dropped their gas prices 10-15 cents per gallon since the Council sent the letter to the state officials. He received a call from a
Chevron executive who acknowledged wholesale gas prices in this area are no different from anywhere else. The executive’s position was that “it is a capitalist society, people can charge what they want.” Councilman Solis encouraged citizens to drive by more expensive stations to get fuel at a station that charges less.

Councilman McConnell suggested that Department Heads rotate to give an update to the Council. He commented that the CRA is doing a great job on Front Beach Road.

Mayor Thomas commented heights do not need to increase as we do more business. He disagreed with the height of the building next to his business. When someone live in front of a high building, there is a wind funnel around them and a constant shadow. He hopes the Council does not go any higher for Height Incentives.

Councilman Casto had no comments.

With nothing further, the meeting was adjourned at 10:02 a.m.

READ AND APPROVED this 14th of February, 2019.

IN THE EVENT OF A CONFLICT BETWEEN THE FOREGOING MINUTES AND A VERBATIM TRANSCRIPT OF THESE MINUTES, THE FOREGOING MINUTES SHALL CONTROL.

RE:  Bay Parkway Phase 2
      Task Work Order #2
      Task 15. Utility Design, Limited CA, Inspections and Certification
      Proposed Scope and Fee

Dear Al,

Please see the attached Scopes of Services and Fee Proposal provided by Dewberry Engineers, Inc. for Task 15. Utility Design, Limited CA, Inspections and Certification. It was the original intent that once the alignment had been identified that we would add the Utility Design for the City’s required infrastructure for this road extension. Per your direction, the City has decided to install 14,500 LF of new reclaim water main along the project from North Pier Park Drive to Nautilus Street and 7,000 LF of new sanitary sewer force main from North Pier Park Drive to Gayle’s Trail and south to a valve connection near N. Gulf Boulevard inside the wastewater treatment plant.

Thank you for the opportunity to present this Task Work Order. We look forward to continuing our work on this very important project. Please do not hesitate to call if you have any questions.

Sincerely,

Gortemoller Engineering, Inc.

Dexter M. Gortemoller, P.E.
LEED Accredited Professional
President
City of Panama City Beach has requested additional professional engineering services required in conjunction with a new reclaim water main extension along Parkway Bay Phase 2 from N. Pier Park Drive to Nautilus Street, a distance of approximately 14,500 feet; and a new sanitary sewer force main extension along Bay Parkway Phase 2 and Gayle’s Trail from N. Pier Park Drive to an existing force main valve connection near N. Gulf BLVD inside the wastewater treatment plant, a distance of approximately 7,000 feet.

Dewberry will provide professional engineering services required to generate construction drawings and technical specifications in sufficient detail to enable Panama City Beach to receive competitive bids from construction contractors. Dewberry will perform additional topographic survey along Gayle’s trail from Current Bay Parkway Phase 2 survey to include location of existing valve tie-in and other features along a portion of N. Gulf BLVD, within the existing wastewater treatment plant. Based on the previous scope here are the following Tasks:

   15.1 Utility Design Engineering and Permitting
       15.1.1 Dewberry will design and prepare construction drawings that show the character and scope of the work to be performed. GE will coordinate with Dewberry and implement sections into the Roadway Plans. The anticipated construction drawings include:
       - General Note Sheet
       - General Construction Notes
       - Pay Quantity Summary Sheets (Reclaim Water and Force Main)
       - Reclaim Water Plan & Profile Sheets with 30-foot and 5-foot horizontal and vertical scales, respectively.
       - Force Main Plan & Profile Sheets with 30-foot and 5-foot horizontal and vertical scales, respectively.
       - Reclaim Water and Force Main Detail Sheets.
       - MOT Sheets.
       15.1.2 Coordinate and submit to the FDEP for review.
       15.1.3 Respond to any requests for additional information (RFI) from permitting agencies.
   15.2 Wetland Delineation – Portions of the proposed Utilities are outside the current limits.
15.2.1 Perform a wetland delineation within and adjacent to the trail.
15.2.2 Prepare wetland UMAM assessment to assist in the permitting and mitigation process.
15.2.3 Display wetland line in construction plans.

15.3 Survey – Portions of the proposed utilities are outside the current project limits.
15.3.1 Three certified copies of a Topographic Survey that meets the current Florida Standards of Practice as set forth by the Board of Professional Surveyors and Mappers.
15.3.2 Survey limits to include the existing tree line on each side of Gayle’s Trail and Part of N. Gulf BLVD extending from WWTP security fence to security fence that reflects the point of the proposed force main connection.
15.3.3 Reflect existing 50 feet wide Ingress/Egress Utility easement along Gayle’s trail.
15.3.4 Reflect location of existing valve tie-ins at end of the project, existing 36-inch diameter reuse water main under Gayle’s trail pavement, and all others utilities to be crossed by new force main along N. Gulf BLVD.

15.4 Limited CA, Inspections and Certifications
15.4.1 Dewberry will provide limited on-site inspection for up to 480 hours and will document daily activities with daily logs to ensure the project is constructed in conformance with plans and specifications. In addition, Dewberry will be present during force main pressure testing and all other activities to ensure that the force main and reclaim main are constructed in compliance with plans and specifications. It is anticipated that an engineer licensed in the State of Florida will provide all other construction administration services as required and that City of Panama City Beach will take over ownership of the system upon final completion.

16. Construction Management – TBD
17. Deliverables
17.1 Phase II (60%) Design Plans for City review/Permitting including Utility Design (2 sets)

REGULAR ITEM 1
6. **BACKGROUND:** *(WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED)*

The City's Land Development Code requires most subdivisions of land to be platted in order to confirm compliance with the Code. The Shorewalk development is generally located east of highway 79 between Hernando Ave. and Innocente Ave. The developers would like to subdivide this land so the residents can own their individual property. This plat will result in 21 residential units with the remainder of the property in common area. This residential development has an approved development order and the related infrastructure has been inspected and accepted by the City. The infrastructure improvements within the subdivision will remain private with the exception of the utilities that have been previously dedicated to the City. These utilities are in an existing easement that will remain. The public hearing to consider this plat has been publicly advertised. At the time of this memo, there are still outstanding items that must be addressed on the plat itself. If all of this has not been completed by the time of the Council meeting, staff will request the hearing to be continued.

Staff has reviewed the subject plat and determined that, if addressed, it will meet applicable requirements.

   In January 2017, the City adopted a resolution authorizing use of proceeds from the local government infrastructure surtax, and establishing a citizen oversight committee to assure that surtax funds received by the City were properly expended.

   In April 2018, the Council made its initial appointments to the newly formed committee. Last month, Jeremey Gillespie resigned his seat, creating a vacancy in the seat appointed by Councilman Casto. Resolution 17-39 provides that: When any vacancy occurs on the Committee, the City Councilperson from the ward who first nominated the seat shall appoint a new member to serve the unexpired term of the member whose death, resignation or incapacity creates the vacancy.

   STAFF REQUESTS APPOINTMENT OF A NEW MEMBER TO FILL THE VACANCY.

The level IIIA ballistic helmets are designed to stop 9 mm @1400fps, fragmentation & .44 magnum projectiles. The helmets are made from kevlar and other ballistic materials; which include mounting rails for optional lighting, digital recorders, and/or communication devices. The helmets are intended for use in tactical situations requiring extra ballistic protection.

Recently, multiple agencies responded to an active shooter call on Beck Avenue in Panama City to assist. None of the Panama City Beach Police Department officers had any type of ballistic headgear when responding to these dangerous situations. Having this equipment issued to each officer, accompanying the hard active shooter vests they already have, is crucial to saving lives. The award of this grant money will help mitigate that threat to our officers.

Project Title: PCBPD Ballistic Helmets

Project Summary:

The Panama City Beach Police Department's proposal is to utilize the awarded funds to purchase (65) sixty-five level IIIA ballistic helmets for patrol officers in the amount of $31,362.50.

Project Description:

The level IIIA ballistic helmets are designed to stop 9mm @1400fps, fragmentation & .44 magnum projectiles. The helmets are made from kevlar and other ballistic materials; which include mounting rails for optional lighting, digital recorders, and/or communication devices. The helmets are intended for use in tactical situations requiring extra ballistic protection. The helmets are also equipped with fold-down clear face shields (optional add-on), which would give the officers an added layer of protection during riot or crowd control situations.
Problem Statement:

Recently, multiple agencies responded to an active shooter call on Beck Avenue in Panama City to assist. None of the Panama City Beach Police Department officers had any type of ballistic headgear available. The purchase of these helmets will provide our officers with the much needed protection when responding to these dangerous situations. It is very well known that active shooters will intentionally target an officer’s head for maximum effectiveness. This type of head-targeting is taught in video games, movies, and on the internet. This type of threat occurs at schools, government functions, and other places where people gather. Having this equipment issued to each officer, accompanying the hard active shooter vests they already have, is crucial to saving lives. The award of this grant money will help mitigate that threat to our officers.
Budget Narrative:

- ProTech Delta 4, full-cut Ballistic helmet, level IIIA, with rail mount kit, and Velcro kit for attaching agency patches = $482.50 (each helmet)

Budget Summary:

ProTech Delta 4 ballistic helmets with Team Wendy Epic Air*

$425.00 X 65 = $27,625.00

ProTech ballistic Helmet Rail kit*

$42.50 X 65 = $2,762.50

ProTech Velcro Helmet Kit*

$15.00 X 65 = $975.00

Total Cost: = $31,362.50

On behalf of the local government named below as the "prospective subrecipient," and in support of its request to the "Recipient State" identified below for a subaward from the grant awarded by the U.S. Department of Justice (USDOJ) under the FY 2017 Edward Byrne Memorial Justice Assistance Grant Program ("the FY 2017 JAG Program"), I certify under penalty of perjury to the Recipient State, and also certify to USDOJ, that all of the following are true and correct:

(1) I am the chief legal officer of the local government named below as the prospective subrecipient, and I have the authority to make this certification on its behalf. I understand that this certification will be relied upon as a material representation in any decision to make a subaward to the prospective subrecipient under the FY 2017 JAG Program.

(2) I have carefully reviewed 8 U.S.C. § 1373(a) and (b), including the prohibitions on certain actions by State and local government entities, agencies, and officials regarding information on citizenship and immigration status. I also have reviewed the provisions set out (or referenced in) 8 U.S.C. § 1551 note ("Abolition ... and Transfer of Functions"), pursuant to which references to the "Immigration and Naturalization Service" in 8 U.S.C. § 1373 are to be read, as a legal matter, as references to particular components of the U.S. Department of Homeland Security.

(3) I (and also the prospective subrecipient) understand that if the prospective subrecipient receives a subaward under the FY 2017 JAG Program—
   (a) the subrecipient (and agencies or other entities thereof) must comply with 8 U.S.C. § 1373, throughout the period of performance for the subaward, with respect to any "program or activity" funded in whole or in part with the subaward; and
   (b) the subrecipient may not make a lower-tier subaward to a State or local government, or to a "public" institution of higher education, unless the subrecipient first obtains a certification of compliance with 8 U.S.C. § 1373 (on a form provided by USDOJ), properly executed by the chief legal officer of the jurisdiction or educational institution that would receive it.

(4) I (and also the prospective subrecipient) understand that, for purposes of this certification, "program or activity" means what it means under title VI of the Civil Rights Act of 1964 (see 42 U.S.C. § 2000d-4a), and that terms used in this certification that are defined in 8 U.S.C. § 1101 mean what they mean under that section 1101, except that the term "State" also shall include American Samoa (cf. 34 U.S.C. § 10251(a)(2)). Also, I understand that neither a "public" institution of higher education (i.e., one that is owned, controlled, or directly funded by a State or local government) nor an Indian tribe is considered a "local government" (or an agency or other entity thereof) for purposes of this certification.

(5) I have conducted (or caused to be conducted for me) a diligent inquiry and review concerning both—
   (a) the "program or activity" to be funded (in whole or in part) with the requested subaward; and
   (b) any prohibitions or restrictions potentially applicable to the "program or activity" to be funded with that subaward (if received) that deal with sending to, requesting or receiving from, maintaining, or exchanging information of the types described in 8 U.S.C. § 1373(a) or (b), whether imposed by a State or local government entity, agency, or official.

(6) As of the date of this certification, neither the prospective subrecipient nor any entity, agency, or official of the prospective subrecipient has in effect, purports to have in effect, or is subject to or bound by, any prohibition or any restriction that would apply to the "program or activity" to be funded in whole or in part with the requested subaward (which, for the specific purpose of this paragraph 6, shall not be understood to include any such "program or activity" of any planned subrecipient of a lower-tier subaward), and that deals with either—(1) a government entity or official sending or receiving information regarding citizenship or immigration status as described in 8 U.S.C. § 1373(a); or (2) a government entity or agency sending to, requesting or receiving from, maintaining, or exchanging information of the types (end with respect to the entities) described in 8 U.S.C. § 1373(b).

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271-10273), and also may subject me and the prospective subrecipient to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 2729-2731 and §§ 3801-3812). General Project Information
Project Title: BALLISTIC HELMETS
Subgrant Recipient: City of Panama City Beach
Implementing Agency: Panama City Beach Police Department
Project Start Date: 10/1/2018 End Date: 9/30/2019

Problem Identification
Recently, multiple agencies responded to an active shooter call to assist on Beck Avenue in Panama City. None of the Panama City Beach Police Department (PCBPD) officers had any type of ballistic headgear available. This circumstance caused the PCBPD to realize there is a need for additional ballistic protection for its officers. The purchase of these helmets will provide our officers with the much needed protection when responding to these dangerous situations. It is very well known that active shooters will intentionally target an officer’s head for maximum effectiveness. This type of head-targeting is taught in video games, movies, and on the internet. This type of threat occurs at schools, government functions, and other places where people gather. Having this equipment issued to each officer, accompanying the hard active shooter vests they already have, is crucial to saving lives. The award of this grant money will help mitigate that threat to our officers.

Currently the budget for the City of Panama City Beach will not make allowances to provide for the sixty five (65) ballistic helmets, rail kits and velcro kits. Grant funding will provide the assistance necessary for this essential equipment that will ensure the safety of PCBPD officers and provide for the continued delivery of effective police services.

Project Summary (Scope of Work)
The City of Panama City Beach Police Department proposes to utilize grant funding to purchase sixty five (65) level IIIA ballistic helmets for its officers. Rail kits and Velcro kits will also be purchased for each helmet. These helmets have the capability of providing increased protection against high velocity weapons such as 9mm and .44 magnum hand guns, 7.62 and 5.56 rifles and even explosive devices with the potency to deliver a devastating dose of shrapnel. The integrity of these new helmets will provide added protection against the greater risk of injury or even death and will serve to eliminate an elevated level of risk that currently exists due to the absence of this protective head gear. The helmets are made from kevlar and other ballistic materials; which include mounting rails for optional lighting, digital recorders, and/or communication devices. The helmets will only be used in tactical operations for enhanced protection against ballistic capabilities of high velocity weapons. The helmets are also equipped with fold-down clear face shields, which would give the officers an added layer of protection during riot or crowd control situations. This grant funding would give 65 of our police officers the added protection during an active shooter scenario. By the end of January 2019, quotes will be gathered, a vendor selected and a purchase order submitted for sixty five (65) Ballistic Helmets with rail and Velcro kits. This equipment will be ordered by the Project Director and issued to officers in the field by the end of March 2019.
Documentation of deliverables must be maintained by the subrecipient and/or implementing agency and made available for monitoring. Example documentation for the purchase of items and services include, but are not limited to procurement records (including quotes, competitive solicitation/bids, etc.), purchase orders, packing slips, delivery/receivable documents, invoices and proof of payment, etc.

Deliverables will be completed in accordance with the contractual agreement(s) between the subrecipient(s) and their vendor/provider. Minimum performance required for drawdown of funds includes the completion of at least one activity described above as attested to on the financial expenditure report.

All activities discussed in the scope of work or project deliverables are for the equipment listed above in the SOW.

AGENDA ITEM # 3
DEFINITIONS

Disallowed costs means those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. See also §§200.12 Capital assets, 200.20 Computing devices, 200.48 General purpose equipment, 200.58 Information technology systems, 200.89 Special purpose equipment, and 200.94 Supplies.

Grant agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal awarding agency or pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements and; Improper payment includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions). It is $3,500 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity is a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §200.210 Information contained in a Federal award paragraph (a)(5) and 200.331 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information (PPI) means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security numbers; passport numbers; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do...
not reflect the actions a prudent person would take in the circumstances.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is $150,000, but this threshold is periodically adjusted for inflation. (Also see definition of Micro-purchase, 2 C.F.R. § 200.67)

Subaward is an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See also §§200.20 Computing devices and 200.33 Equipment.

SECTION I: TERMS AND CONDITIONS

1.0 Payment Contingent on Appropriation and Available Funds - The State of Florida's obligation to pay under this agreement is contingent upon an annual appropriation by the Florida Legislature. Furthermore, the obligation of the State of Florida to reimburse subrecipients for incurred costs is subject to available federal funds.

2.0 Commencement of Project - If a project is not operational within 60 days of the original start date of the award period, the subrecipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date.

If a project is not operational within 90 days of the original start date of the award period, the subrecipient must submit a second statement to the Department explaining the implementation delay.

Upon receipt of the ninety (90) day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, unilaterally terminate this agreement and re-obligate subaward funds to other Department approved projects. The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written adjustment to this agreement.

3.0 Supplanting - The subrecipient agrees that funds received under this award will not be used to supplant state or local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for law enforcement activities.

4.0 Personnel Changes - The subrecipient agrees to promptly notify the Department through the SIMON Help Desk of any change in chief officials or key project staff, including changes to contact information or title changes. The subrecipient acknowledges that some changes in points of contact will require formal grant adjustment to reflect the change in the agreement.

5.0 Non-Procurement, Debarment and Suspension - The subrecipient agrees to comply with Executive Order 12549, Debarment and Suspension and 2 C.F.R. § 180, "OMB Guidelines To Agencies On Government wide Debarment And Suspension (Non-procurement)". These procedures require the subrecipient to certify it shall not enter into any lower tiered covered transaction with a person who is debarred, suspended, declared ineligible or is voluntarily excluded from participating in this covered transaction, unless authorized by the Department. If the subaward is $100,000 or more, the subrecipient and implementing agency certify that they and their principals:

1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from participating in this covered transaction, unless authorized by the Department.

2) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal
offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

4) Have not within a three-year period preceding this application had one or more public transactions (federal, state, or local) terminated for cause or default.

6.0 Federal Restrictions on Lobbying - In general, as a matter of federal law, federal funds may not be used by any subrecipient at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. § 1913.

Another federal law generally prohibits federal funds from being used by any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. § 1352.

7.0 State Restrictions on Lobbying - In addition to the provisions contained above, the expenditure of funds for the purpose of lobbying the legislature or a state agency is prohibited under this agreement.

8.0 Additional Restrictions on Lobbying - The subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the Office of Justice Programs.

9.0 "Pay-to-Stay" - Funds from this award may not be used to operate a "pay-to-stay" program in any local jail. Furthermore, no funds may be given to local jails that operate "pay-to-stay" programs. "Local jail", as referenced in this condition, means an adult facility or detention center owned and/or operated by city, county, or municipality. It does not include juvenile detention centers. "Pay-to-stay" programs as referenced in this condition, means a program by which extraordinary services, amenities and/or accommodations, not otherwise available to the general inmate population, may be provided, based upon an offender’s apparent ability to pay, such that disparate conditions of confinement are created for the same or similar offenders within a jurisdiction.

10.0 The Coastal Barrier Resources Act - The subrecipient will comply and assure the compliance of all contractors with the provisions of the Coastal Barrier Resources Act (P.L. No. 97-348) dated October 19, 1982 (16 USC 3501 et seq.) which prohibits the expenditure of most new federal funds within the units of the Coastal Barrier Resources System.

11.0 Background Check - Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of § 435, F.S. shall apply.

All employees in positions designated by law as positions of trust or responsibility shall be required to undergo background investigations as a condition of employment and continued employment. A detailed response is required in the narrative portion for yes/no performance objectives. Submitted performance reports must clearly articulate, where appropriate, performance during the execution of the award has met a standard against which the subrecipient's performance can be measured. The narrative must also reflect on accomplishments for the period and identify problems with project implementation and address actions being taken to resolve the problems. Additional information may be required if necessary to comply with federal reporting requirements.

**Requirement for Data on Performance and Effectiveness Under the Award** - The subrecipient must collect and maintain data that measures the performance and effectiveness of work under this award. The data must be provided to OCJG in the manner (including within the timeframes) specified by OCJG. Financial consequences may include but be not limited to withholding payments or reimbursement until the deficiency is resolved, tendering only partial payment/reimbursement, imposition of other financial consequences according to the Standard Conditions as applicable, and/or termination of contract and requisition of goods or services from an alternate source. Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

Subrecipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

Under no circumstances can transfers of funds increase the total budgeted award.

All requests for changes must be submitted in SIMON no later than ninety (90) days prior to grant expiration date.

Required Reports - The subrecipient shall submit Quarterly PGI Earnings and Expenditures Reports to the Department within thirty (30) days after the end of the reporting period covering subaward project generated income and expenditures during the previous quarter. If any PGI remains unspent after the subaward ends, the subrecipient must continue submitting quarterly PGI reports until all funds are expended.

PGI Expenditure - Program income should be used as earned and expended as soon as possible and used to further the objects in which the award was made. Any unexpended PGI remaining at the end of the federal grant period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

The Department reserves the right to unilaterally terminate this agreement if the subrecipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of s. 119, F.S., unless specifically exempted and/or made confidential by operation of s. 119, F.S., and made or received by the subrecipient or its contractor in conjunction with this agreement.

The subrecipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

2.0 Monitoring - The recipient agrees to comply with FDLE's grant monitoring guidelines, protocols, and procedures; and to cooperate with FDLE on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the subrecipient's past performance, or other programmatic or financial concerns with the subrecipient. The subrecipient's disclosure must include the following: 1. The federal awarding agency that currently designates the subrecipient high risk, 2. The date the subrecipient was designated high risk, 3. The high-risk point of contact at the federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

6.0 Imposition of Additional Requirements - The subrecipient agrees to comply with any additional requirements that may be imposed by OCJG during the period of performance for this award, if the subrecipient is designated as "high risk" for purposes of the DOJ high-risk grantee list.

7.0 Retention of Records - The subrecipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. 8.0 Disputes and Appeals - The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The subrecipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the subrecipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subrecipient's right to appeal the Department's decision is contained in § 120, F.S., and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S.

9.0 Failure to Address Audit Issues - The subrecipient understands and agrees that FDLE's OCJG may withhold award funds, or may impose award conditions or other related requirements, if (as determined by OCJG) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the 2 C.F.R. § 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews.

10.0 Single Annual Audit - Subrecipients that expend $750,000 or more in a year in federal awards shall have a single audit or program-specific audit conducted for that year. Records shall be made available upon request for a period of five (5) years from the date the audit report is issued, unless extended in writing by the Department.

Subrecipients that expend less than $750,000 in federal awards during a fiscal year are exempt from the Single Audit Act audit requirements for that fiscal year. In this case, written notification, in the form of the "Certification of Audit Exemption" form, shall be provided to the Department by the Chief Financial Officer, or designee, that the subrecipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.

SECTION VI: SUBAWARD PROCUREMENT AND COST PRINCIPLES

1.0 Procurement Procedures - Subrecipients must have written procedures for procurement transactions. Procedures must conform to applicable Federal law and the standards in 2 C.F.R. §§ 200.318-326.

This condition applies to agreements that OCJG considers to be a procurement "contract", and not a second tier subaward.

The details of the advance approval requirement to use a noncompetitive approach in a procurement contract under this award are posed on the OJP website at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm.

Additional information on Federal purchasing guidelines can be found in the Guide to Procurements Under DOJ Grants and Cooperative agreements at https://ojp.gov/funding/Implement/Resources/GuideToProcurementProcedures.pdf.

The subrecipient must maintain records to support the cost analysis, which includes a detailed budget, documented review of individual cost elements for allowability, reasonableness, and necessity. See also Chief Financial Officer Memorandum No. 02 (2012-2013).

3.0 Allowable Costs - Allowance for costs incurred under the subaward shall be determined according to the general principles and standards for selected cost items set forth in the DOJ Grants Financial Guide, 28 C.F.R. § 66, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments", and 2 C.F.R. § 200.405(e), "Cost Principles".

See also 2 C.F.R. §§ 200.300-309.

5.0 Indirect Cost Rate - A subrecipient that is eligible to use the "de minimis" indirect cost rate described in 2 C.F.R. § 200.414(f), and elects to do so, must advise OCJG in writing of both its eligibility and its election, and must comply with all associated requirements in the 2 C.F.R. § 200 and Appendix VII.

6.0 Sole Source - If the project requires a non-competitive purchase from a sole source, the subrecipient must complete the Sole Source Justification for Services and Equipment Form and submit to OCJG upon application for pre-approval. If the subrecipient is a state agency and the cost meets or exceeds $150,000, the subrecipient must also receive approval from the Department of Management Services (DMS) (s. 287.057(5), F.S.). The Sole Source form must be signed by the subrecipient or implementing agency chief official or chief official designee. Additional details on the sole source requirement can be found at 2 C.F.R. § 200 and the DOJ Grants Financial Guide.

Documentation supporting charges must be incorporated into the official records of the organization.

Charges made to the Personnel Budget Category must reasonably reflect the total time and activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies. Where grant subrecipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.

**8.0 Contractual Services** - The subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts as described in 2 C.F.R. § 200.318, General procurement.

The subrecipient must pass-through all requirements and conditions applicable to the federal grant award/subaward to any subcontract. The term “contractor” is used rather than the term “vendor” and means an entity that receives a contract as defined in 2 C.F.R. § 200.22, the nature of the contractual relationship determines the type of agreement.

**Approval of Consultant Contracts**

Compensation for individual consultant services must be reasonable and consistent with that paid for similar services in the marketplace. The Federal awarding agency and pass-through entity must review and approve in writing all consultant contracts prior to employment of a consultant when the individual compensation rate exceeds $650 (excluding travel and subsistence costs) per eight-hour day, or $81.25 per hour. A detailed justification must be submitted to and approved by FDLE, who will coordinate written approval of the Federal awarding agency, prior to subrecipient obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide Section 3.6 Consultant Rates, 28 C.F.R. § 66, and applicable state statutes. The Department's approval of the subrecipient agreement does not constitute approval of individual consultant contracts or rates. If consultants are hired through a competitive bidding process (not sole source), the $650 threshold does not apply.

**FFATA Reporting Requirements** - Subrecipients that enter into subawards of $25,000 or more should review the Federal Funding Accountability and Transparency Act of 2006 (FFATA), website for additional reporting requirements at https://ojp.gov/financialGuide/doj/index.html

Subrecipients must promptly and fully report to FDLE and the Federal awarding agency if any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored under this award.

13.0 Information Technology Projects

Criminal Intelligence Systems - The subrecipient agrees that any information technology system funded or supported by the Office of Justice Programs will comply with 28 C.F.R. § 23, Criminal Intelligence Systems Operating Policies. If the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. § 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. § 23.20(g). Should any violation of 28 C.F.R. § 23 occur, the subrecipient may be fined as per 42 U.S.C. § 3789g(c)-(d). The subrecipient may not satisfy such a fine with federal funds.

The subrecipient understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the subrecipient agrees that these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudications.

State IT Point of Contact - The subrecipient must ensure that the State IT Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditure period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the subrecipient must maintain an administrative file documenting the meeting of this requirement. For a list of State IT Points of Contact, go to https://it.ojp.gov/technology-contacts.

The State IT Point of Contact will ensure the subrecipient’s project follows a statewide comprehensive strategy for information sharing systems that improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole.

Interstate Connectivity - To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for
law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the subrecipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

ADP Justification - The subrecipient must complete an Automated Data Processing (ADP) equipment and Software and Criminal Justice Information and Communication Systems Request for Approval form if the purchase of any ADP equipment is to be made. This form must be submitted upon application if applicable and pre-approval must be obtained. ADP Justification must be signed by the subrecipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

14.0 Interoperable Communications Guidance - Subrecipients using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334.

Subrecipients interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The subrecipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the subrecipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Subrecipients must provide a listing of all communications equipment purchased with grant funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

15.0 Global Standards Package - In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at www.ojp.gov/gps_grantcondition. Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

SECTION VII: COMPLIANCE WITH 8 U.S.C. § 1373

1.0 In regards to the program or activity funded under this subaward and throughout the period of performance for this award, no state or local government entity, agency or official may prohibit or in any way restrict:

For the purposes of this subaward, any prohibition (or restriction) that violates this condition is an "information-communication restriction."

2.0 A subaward to a state or local government or a public institution of higher education, cannot be made unless a properly executed certification of compliance with 8 U.S.C. 1373, signed by the chief legal officer of the subrecipient entity has been received by OCJG. Similarly, subrecipients cannot make a further subaward to a state or local government or a public institution of higher education, unless it first obtains a properly executed certification of compliance with 8 U.S.C. 1373 signed by the chief legal officer of the third tier subrecipient.

3.0 Funding under this award cannot be subawarded to any subrecipient at any tier that is either a state or unit of local government or a public institution of higher education that is subject to any "information-communication restriction."
4.0 Subrecipients must notify FDLE (in writing) if it has credible evidence that indicates that a funded program or activity of a subrecipient at any tier that is either a state or local government or a public institution of higher education, may be subject to any "information-communication restriction."

5.0 For STATE AGENCIES: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A state statute or a state rule, regulation, policy or practice must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A local ordinance, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that, when a local government (or local government contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

7.0 Monitoring of compliance with the requirements of this condition will be conducted by FDLE.

8.0 Nothing in this condition shall be understood to authorize any subrecipient at any tier to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to FDLE prior to award acceptance.

SECTION VIII: ADDITIONAL REQUIREMENTS

1.0 Environmental Protection Agency's (EPA) list of Violating Facilities - The subrecipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

2.0 National Environmental Policy Act (NEPA)

That is, it applies as long as the activity is being conducted by the subrecipient or any third party and the activity needs to be undertaken in order to use these subaward funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes.
If it is determined that any of the following activities will be funded by the grant, the recipient agrees to contact FDLE OCJG.

1) New construction;

2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

Reg. 51225 (October 1, 2009), and §316.305, F.S., the subrecipient is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this subaward and to establish workplace safety policies and conduct education, awareness, and
other outreach to decrease crashes caused by distracted drivers.

10.0 DNA Testing of Evidentiary Materials and Upload of DNA Profiles to a Database - If PREA program funds will be used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), by a government DNA lab with access to CODIS. No profiles generated with JAG funding may be entered into any other non-governmental DNA database without prior express written approval from BJA. For more information, refer to the NIJ FY 2012 DNA Backlog Reduction Program, available at https://www.ncjrs.gov/pdffiles1/nij/sl001062.pdf.

General Project Information

Project Title: POLICE TACTICAL COMMUNICATION HEADSETS
Subgrant Recipient: City of Panama City Beach
Implementing Agency: Panama City Beach Police Department
Project Start Date: 10/1/2018 End Date: 6/30/2019

Problem Identification

The Panama City Beach Police Department has a tactical response team that consists of 12 police officers. Currently the only means of radio communication is their police radio and lapel microphone. This proves problematic when trying to coordinate events and/or maneuvers. Clear and effective communication can be difficult during critical incidents and creates an officer safety hazard, because operating the lapel microphone requires the officer to remove his/her hand to operate the radio. The need for a tactical headset and microphone radio is mission essential for effective communication and officer safety.

Currently the budget for the City of Panama City Beach will not make allowances to provide for twelve (12) tactical headsets with microphones. Grant funding will provide the assistance necessary for this essential technology that will ensure the integrity and professionalism in the delivery of police services.

Project Summary (Scope of Work)

The Panama City Beach Police Department proposes to utilize the awarded grant funds toward the purchase of tactical headsets and microphones for the tactical response unit; which consists of 12 police officers. This equipment is crucial to effectively communicate with other officers and agencies with officer safety being paramount. Tactical headsets will provide the clearest ambient listening ability with talk-through capabilities, equipping officers on the tactical response team with the ability to communicate clearly when the need is greatest. These headsets provide quick suppression of impact noise and can be worn under ballistic helmets. This technology provides a crucial element of safety for the officers on this team and ultimately for the citizens of Panama City Beach. By the end of January 2019, quotes will be gathered, a vendor selected and a purchase order submitted for twelve (12) tactical headsets with microphones. This equipment will be ordered by the Project Director and issued to officers on the response team by the end of March 2019.

Documentation of deliverables must be maintained by the subrecipient and/or implementing agency and made available for monitoring. Example documentation for the purchase of items and services include, but are not limited to procurement records (including quotes, competitive solicitation/bids, etc.), purchase orders, packing slips, delivery/receivable documents, invoices and proof of payment, etc.

Deliverables will be completed in accordance with the contractual agreement(s) between the subrecipient(s) and their vendor/provider. Minimum performance required for drawdown of funds includes the completion of at least one activity described above as attested to on the financial expenditure report.

SUBAWARD STANDARD CONDITIONS

The State of Florida, Department of Law Enforcement (FDLE) is a recipient of federal JAG funds. FDLE, as the non-federal pass-through entity and State Administering Agency (SAA) for this program, subawards JAG funds to eligible units of government. All subawards made by FDLE to units of government under this program require compliance with the agreement and Standard Conditions upon signed acceptance of the subaward.

Upon approval of the application, or subaward, the following terms and conditions will become binding. A financial consequence may be imposed for non-compliance in accordance with 2 C.F.R. § 200 and these Standard Conditions, including but not limited to project costs being disallowed, withholding of federal funds and/or termination of the project.

DEFINITIONS

Disallowed costs mean those charges to a Federal award that the Federal awarding agency or pass-through entity determines to be unallowable, in accordance with the applicable Federal statutes, regulations, or the terms and conditions of the Federal award.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. See also §§200.12 Capital assets, 200.20 Computing devices, 200.48 General purpose equipment, 200.58 Information technology systems, 200.99 Special purpose equipment, and 200.94 Supplies.

Grant agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302, 6304, is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal awarding agency or pass-through entity's direct benefit or use; and is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.

Improper payment means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other applicable laws and regulations; an improper payment includes any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold. The non-Federal entity uses such procedures in order to expedite the completion of its lowest-dollar small purchase transactions and minimize the associated administrative burden and cost. The micro-purchase threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions). It is $3,500 except as otherwise discussed in Subpart 2.1 of that regulation, but this threshold is periodically adjusted for inflation.

Modified Total Direct Cost (MTDC) means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Non-Federal entity is a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Non-federal pass-through entity is a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program; the Florida Department of Law Enforcement (FDLE) is the non-federal pass-through entity for this agreement, also referred to as the State Administering Agency (SAA).

Period of performance means the time during which the non-Federal entity may incur new obligations to carry out the work authorized under the Federal award. The Federal awarding agency or pass-through entity must include start and end dates of the period of performance in the Federal award (see §200.210 Information contained in a Federal award paragraph (a)(5) and 200.331 Requirements for pass-through entities, paragraph (a)(1)(iv)).

Protected Personally Identifiable Information (PII) means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to social security numbers; passport numbers; credit card numbers; clearances; bank numbers; biometrics; date and place of birth; mother's maiden name; criminal, medical, and financial records; and educational transcripts. This does not include PII that is required by law to be disclosed. (See also § 200.79 Personally Identifiable Information (PII)).

Questioned cost means a cost that is questioned by the auditor because of an audit finding 1) that resulted from a violation or possible violation of a statute, regulation, or the terms and conditions of a Federal award, including for funds used to match Federal funds; 2) where the costs, at the time of the audit, are not supported by adequate documentation; or 3) where the costs incurred appear unreasonable and do
not reflect the actions a prudent person would take in the circumstances.

**Simplified acquisition threshold** means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. As of the publication of this part, the simplified acquisition threshold is $150,000, but this threshold is periodically adjusted for inflation. (Also see definition of Micro-purchase, 2 C.F.R. § 200.67)

**Subaward** is an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

**Subrecipient** means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

**Supplies** means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or $5,000, regardless of the length of its useful life. See also §§200.20 Computing devices and 200.33 Equipment.

Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.

Subrecipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.

Under no circumstances can transfers of funds increase the total budgeted award. Requests for changes to the subaward agreement must be electronically signed by the subrecipient or implementing agency’s chief official or the chief official’s designee.

All requests for changes must be submitted in SIMON no later than ninety (90) days prior to grant expiration date.

6.0 Financial Expenditures and Reporting

Reporting Requirements - The subrecipient shall have a choice of submitting either a Monthly or a Quarterly Project Expenditure Report to the Department. Project Expenditure Reports are due thirty (30) days after the end of the reporting period. In addition, if the subaward period is extended, additional Project Expenditure Reports shall be submitted.

All project expenditures for reimbursement of subrecipient costs shall be submitted on the Project Expenditure Report Forms prescribed and provided by the Office of Criminal Justice Grants (OCJG) through the SIMON (Subgrant Information Management Online).

All Project Expenditure Reports shall be submitted in sufficient detail for proper pre-audit and post-audit.

All reports must relate financial data to performance accomplishments.

AGENDA ITEM #
Before the "final" Project Expenditure Report will be processed, the subrecipient must submit to the Department all outstanding project reports and must have satisfied all special conditions. Failure to comply with the above provisions shall result in forfeiture of reimbursement.

Reports are to be submitted even when no reimbursement is being requested.

Submission - The report must be electronically signed by the subrecipient or implementing agency’s Chief Financial Officer or the Chief Financial Officer designee.

7.0 Project Generated Income (PGI) - All income generated as a direct result of a sub project shall be deemed program income. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (i.e., law enforcement entity).

Required Reports - The subrecipient shall submit Quarterly PGI Earnings and Expenditures Reports to the Department within thirty (30) days after the end of the reporting period covering subaward project generated income and expenditures during the previous quarter. If any PGI remains unspent after the subaward ends, the subrecipient must continue submitting quarterly PGI reports until all funds are expended.

PGI Expenditure - Program income should be used as earned and expended as soon as possible and used to further the objects in which the award was made. Any unexpended PGI remaining at the end of the federal grant period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

Submission - PGI Earnings and Expenditures reports must be electronically signed by the subrecipient or implementing agency’s chief financial officer or the chief financial officer’s designee.

8.0 Subrecipient Integrity and Performance Matters - Requirement to report information on certain civil, criminal, and administrative proceedings to OCJG, SAM and FAPIIS.

The subrecipient must comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, subrecipients of OJP awards are required to report information about such proceedings, through the federal System for Award Management ("SAM”), to the designated federal management and performance system ("FAPIIS").

SECTION V: MONITORING AND AUDITS

1.0 Access to Records - The Florida Department of Law Enforcement, the Auditor General of the State of Florida, the U.S. Department of Justice, the U.S. Comptroller General or any of their duly authorized representatives, shall have access to books, documents, papers and records of the subrecipient, implementing agency and contractors for the purpose of audit and examination according to the Financial Guide and the 28 C.F.R. § 66. At any time, a representative of the Department, the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right to visit the project site to monitor, inspect and assess work performed under this agreement.

The Department reserves the right to unilaterally terminate this agreement if the subrecipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of s. 119, F.S., unless specifically exempted and/or made confidential by operation of s. 119, F.S., and made or received by the subrecipient or its contractor in conjunction with this agreement.

The subrecipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

2.0 Monitoring - The recipient agrees to comply with FDLE’s grant monitoring guidelines, protocols, and procedures; and to cooperate with FDLE on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the recipient's award, including, but not limited to: withholding and/or other restrictions on the recipient's access to funds, referral to the Office of the Inspector General for audit review, designation of the recipient as a FDLE High Risk grantee, or termination of award(s).

3.0 Property Management - The subrecipient shall establish and administer a system to protect,
preserve, use, maintain and dispose of any property furnished to it by the Department or purchased pursuant to this agreement according to federal property management standards set forth in the DOJ Grants Financial Guide, and 28 C.F.R. § 66. This obligation continues as long as the subrecipient retains the property, notwithstanding expiration of this agreement.

Property Use - The subrecipient must use equipment acquired under a Federal award for the authorized purposes of the project during the period of performance, or until the property is no longer needed. Subrecipients must use, manage and dispose of equipment acquired under a Federal award in accordance with ss. 274, F.S. Tangible Property and 200.313, F.S., Equipment.

4.0 Subaward Closeout - A Financial Closeout Audit shall be submitted to the Department within forty-five (45) days of the end date of the performance period.

The Financial Closeout Audit report located in SIMON must be electronically signed by the subrecipient or implementing agency’s Chief Financial Officer or the Chief Financial Officer designee. Subaward Closeout will be initiated by the Department after the Financial Closeout has been completed and approved. Failure to submit closeout reports timely will result in an Administrative Closeout by the Department.

5.0 High Risk Subrecipients - If a subrecipient is designated "high risk" by a federal grant-making agency, currently or at any time during the course of the period of performance under this award, the subrecipient must disclose that fact and certain related information to FDLE's OCJG. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the subrecipient's past performance, or other programmatic or financial concerns with the subrecipient. The subrecipient's disclosure must include the following: 1. The federal awarding agency that currently designates the subrecipient high risk, 2. The date the subrecipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

6.0 Imposition of Additional Requirements - The subrecipient agrees to comply with any additional requirements that may be imposed by OCJG during the period of performance for this award, if the subrecipient is designated as "high risk" for purposes of the DOJ high-risk grantee list.

7.0 Retention of Records - The subrecipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. The subrecipient shall comply with State of Florida General Records Schedule GS1-SL for State and Local Government Agencies: http://docs.myflorida.com/media/693574/general-records-schedulegs01-sl.pdf.

8.0 Disputes and Appeals - The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The subrecipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the subrecipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subrecipient's right to appeal the Department's decision is contained in § 120, F.S., and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S.

9.0 Failure to Address Audit Issues - The subrecipient understands and agrees that FDLE's OCJG may withhold award funds, or may impose award conditions or other related requirements, if (as determined by OCJG) the subrecipient does not satisfactorily and promptly address outstanding issues from audits required by the 2 C.F.R. § 200 Uniform Requirements or by the terms of this award, or other outstanding issues that arise in connection with audits, investigations, or reviews.

10.0 Single Annual Audit - Subrecipients that expend $750,000 or more in a year in federal awards shall have a single audit or program-specific audit conducted for that year. The audit shall be performed in accordance with the OMB 2 C.F.R. § 200 Subpart F – Audit Requirements and other applicable federal law. The contract for this agreement shall be identified in the Schedule of Federal Financial Assistance in the subject audit. The contract shall be identified as federal funds passed through the Florida Department of Law Enforcement and include the contract number, CFDA number, award amount, contract period, funds received and disbursed. When applicable, the subrecipient shall submit an annual financial audit that meets the requirements of 2 C.F.R. § 200 Subpart F, “Audit Requirements” s. 215.97, F.S., "Florida Single Audit Act" and Rules of the Auditor General, Chapter 10.550, and Chapter

AGENDA ITEM #
10,650, "Local Governmental Entity Audits" and "Florida Single Audit Act Audits Nonprofit and For-Profit Organizations."

A complete audit report that covers any portion of the effective dates of this agreement must be performed and submitted to the Federal Audit Clearinghouse within the earlier of thirty (30) calendar days after receipt of the auditor’s report(s), or nine (9) months after the end of the audit period. Submissions must include required elements described in Appendix X to 2 C.F.R. § 200 on the specified Data Collection Form (Form SF-SAC).

Records shall be made available upon request for a period of five (5) years from the date the audit report is issued, unless extended in writing by the Department.

Subrecipients that expend less than $750,000 in federal awards during a fiscal year are exempt from the Single Audit Act audit requirements for that fiscal year. In this case, written notification, in the form of the “Certification of Audit Exemption” form, shall be provided to the Department by the Chief Financial Officer, or designee, that the subrecipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.

SECTION VI: SUBAWARD PROCUREMENT AND COST PRINCIPLES

1.0 Procurement Procedures - Subrecipients must have written procedures for procurement transactions. Procedures must conform to applicable Federal law and the standards in 2 C.F.R. §§ 200.319-326.

This condition applies to agreements that OCJG considers to be a procurement "contract", and not a second tier subaward.

The details of the advance approval requirement to use a noncompetitive approach in a procurement contract under this award are posed on the OJP website at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm.

Additional information on Federal purchasing guidelines can be found in the Guide to Procurements Under DOJ Grants and Cooperative agreements at https://ojp.gov/funding/implement/Resources/GuideToProcurementProcedures.cdf.

2.0 Cost Analysis - A cost analysis must be performed by the subrecipient if the cost or price is at or above the $35,000 acquisition threshold and the contract was awarded non-competitively in accordance with s. 216.3475, F.S. The subrecipient must maintain records to support the cost analysis, which includes a detailed budget, documented review of individual cost elements for allowability, reasonableness, and necessity. See also Chief Financial Officer Memorandum No. 92 (2012-2013).

3.0 Allowable Costs - Allowance for costs incurred under the subaward shall be determined according to the general principles and standards for selected cost items set forth in the DOJ Grants Financial Guide, 28 C.F.R. § 66, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments", and 2 C.F.R. § 200.405(e), "Cost Principles".

4.0 Unallowable Costs - Payments made for costs determined to be unallowable by either the Federal awarding agency, or the Department, either as direct or indirect costs, must be refunded (including interest) to FDLE and the Federal Government in accordance with instructions that determined the costs are unallowable unless state or Federal statute or regulation directs otherwise. See also 2 C.F.R. §§ 200.300-309.

5.0 Indirect Cost Rate - A subrecipient that is eligible to use the "de minimis" indirect cost rate described in 2 C.F.R. § 200.414(f), and elects to do so, must advise OCJG in writing of both its eligibility and its election, and must comply with all associated requirements in the 2 C.F.R. § 200 and Appendix VII.

6.0 Sole Source - If the project requires a non-competitive purchase from a sole source, the subrecipient must complete the Sole Source Justification for Services and Equipment Form and submit to OCJG upon application for pre-approval. If the subrecipient is a state agency and the cost meets or exceeds $150,000, the subrecipient must also receive approval from the Department of Management Services (DMS) (s. 287.057(5), F.S.). The Sole Source form must be signed by the subrecipient or implementing agency chief official or chief official designee. Additional details on the sole source requirement can be found at 2 C.F.R. § 200 and the DOJ Grants Financial Guide.

7.0 Personal Services - Subrecipients may use grant funds for eligible personal services including salaries, wages, and fringe benefits, including overtime in accordance with the DOJ Grants Financial Guide Section 3.9 - Compensation for Personal Services, consistent with the principles set out in 2 C.F.R. § 200, Subpart E and those permitted in the federal...
program's authorizing legislation. Subrecipient employees should be compensated with overtime payments for work performed in excess of the established work week and in accordance with the subrecipient's written compensation and pay plan.

Documentation - Charges for salaries, wages, and fringe benefits must be supported by a system of internal controls providing reasonable assurance that charges are accurate, allowable, and properly allocated. Documentation supporting charges must be incorporated into the official records of the organization.

Charges made to the Personnel Budget Category must reasonably reflect the total time and activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies. Where grant subrecipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives.

8.0 Contractual Services - The subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts as described in 2 C.F.R. § 200.318, General procurement.

Requirements for Contractors of Subrecipients - The subrecipient assures the compliance of all contractors with the applicable provisions of Title I of the Omnibus Crime Control and Safe Streets Act of 1968, as amended 42 U.S.C. § 3711 et seq.; the provisions of the current edition of the DOJ Grants Financial Guide (https://ojp.gov/financialguide/doi/ pdfs/DOJ_FinancialGuide.pdf), and all other applicable federal, state and local laws, orders, circulars, or regulations. The subrecipient must pass-through all requirements and conditions applicable to the federal grant award/subaward to any subcontract. The term "contractor" is used rather than the term "vendor" and means an entity that receives a contract as defined in 2 C.F.R. § 200.22, the nature of the contractual relationship determines the type of agreement.

Approval of Consultant Contracts
Compensation for individual consultant services must be reasonable and consistent with that paid for similar services in the marketplace. The Federal awarding agency and pass-through entity must review and approve in writing all consultant contracts prior to employment of a consultant when the individual compensation rate exceeds $650 (excluding travel and subsistence costs) per eight-hour day, or $81.25 per hour. A detailed justification must be submitted to and approved by FDLE, who will coordinate written approval of the Federal awarding agency, prior to subrecipient obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide Section 3.6 Consultant Rates, 28 C.F.R. § 66, and applicable state statutes. The Department's approval of the subrecipient agreement does not constitute approval of individual consultant contracts or rates. If consultants are hired through a competitive bidding process (not sole source), the $650 threshold does not apply.

FFATA Reporting Requirements - Subrecipients that enter into subawards of $25,000 or more should review the Federal Funding Accountability and Transparency Act of 2006 (FFATA), website for additional reporting requirements at https://ojp.gov/funding/Explore/FFATA.htm

9.0 Travel and Training - The cost of all travel shall be reimbursed according to the subrecipient's written travel policy. If the subrecipient does not have a written travel policy, cost of all travel will be reimbursed according to State of Florida Travel Guidelines § 112.061, F.S. Any foreign travel must obtain prior written approval from the Federal awarding agency and pass-through entity.

10.0 Expenses Related to Conferences, Meetings, Trainings, and Other Events - Subgrant funds requested for meetings, retreats, seminars, symposia, events, and group training activities and related expenses must receive written pre-approval from the Federal awarding agency and pass-through entity and comply with all provisions in 2 C.F.R. § 200.432 and DOJ Grants Financial Guide Section 3.10, Conference Approval, Planning, and Reporting. Subgrant applications requesting approval for meeting, training, conference, or other event costs must include a completed Conference & Events Submission Form for approval prior to obligating subgrant funds for these purposes.

11.0 Training and Training Materials – Any training or training materials that has been developed or delivered with grant funding under this award must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at www.ojp.gov/funding/ojptrainingguidingprinciples.htm.

12.0 Publications, Media and Patents Ownership of Data and Creative Material - Ownership of material, discoveries, inventions, and results developed, produced, or discovered subordinate
Publication or Printing of Materials - Publication costs for electronic and print media, including distribution, promotion, and general handling are allowable. If these costs are not identifiable with a particular direct cost objective, it should be allocated as indirect costs. Publication includes writing, editing, and preparing the illustrated material (including videos and electronic mediums).

Subrecipients must request pre-approval in writing for page charges for professional journal publications. All publication materials must comply with provisions in 2 C.F.R. § 200.461 and DOJ Grants Financial Guide, Section 3.9; Allowable Costs – Publication.

Subrecipients must submit for review and approval one (1) copy of any curricula, training materials, or any other written materials to be published, including web-based materials and website content, to be paid under this award at least thirty (30) days prior to the targeted dissemination date.

All electronic and print materials paid under this award must contain the following statements identifying the federal award:

1) "This project was supported by Grant No. 2017-MU-BX-0187 awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice."

Any website that funded in whole or in part under this award must include the same statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a web-based service, including any pages that provide results or outputs from the service.

Patents - Subrecipients are subject to applicable regulations governing patents and inventions, including government wide regulations issued by the Department of Commerce (27 C.F.R. § 401 and 2 C.F.R. § 200.315(c)).

Subrecipients must promptly and fully report to FDLE and the Federal awarding agency if any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored under this award.

13.0 Information Technology Projects

Criminal Intelligence Systems - The subrecipient agrees that any information technology system funded or supported by the Office of Justice Programs funds will comply with 28 C.F.R. § 23, Criminal Intelligence Systems Operating Policies, if the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. § 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. § 23.20(g). Should any violation of 28 C.F.R. § 23 occur, the subrecipient may be fined as per 42 U.S.C. § 3789g(c)-(d). The subrecipient may not satisfy such a fine with federal funds.

The subrecipient understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the subrecipient agrees that these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

State IT Point of Contact - The subrecipient must ensure that the State IT Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditures period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the subrecipient must maintain an administrative file documenting the meeting of this requirement. For a list of State IT Points of Contact, go to https://it.ojp.gov/technology-contacts.

The State IT Point of Contact will ensure the subrecipient's project follows a statewide comprehensive strategy for information sharing systems that improve the functioning of the criminal justice system, with an emphasis on integration of all criminal justice components, law enforcement, courts, prosecution, corrections, and probation and parole.

Interstate Connectivity - To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for
law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the subrecipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

ADP Justification - The subrecipient must complete an Automated Data Processing (ADP) equipment and Software and Criminal Justice Information and Communication Systems Request for Approval form if the purchase of any ADP equipment is to be made. This form must be submitted upon application if applicable and pre-approval must be obtained. ADP Justification must be signed by the subrecipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

14.0 Interoperable Communications Guidance - Subrecipients using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334.

Subrecipients interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The subrecipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the subrecipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Subrecipients must provide a listing of all communications equipment purchased with grant award funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

15.0 Global Standards Package - In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at www.it.ojp.gov/gsp_grantcondition. Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

SECTION VII: COMPLIANCE WITH 8 U.S.C. §1373

1.0 In regards to the program or activity funded under this subaward and throughout the period of performance for this award, no state or local government entity, agency or official may prohibit or in any way restrict:

Any government entity or official from sending or receiving information regarding citizenship or immigration status as described in 8 U.S.C. 1373(a); or a government entity or agency from sending, requesting or receiving, maintaining, or exchanging information regarding immigration status as described in 8 U.S.C. 1373(b). For the purposes of this subaward, any prohibition (or restriction) that violates this condition is an "information-communication restriction."

2.0 A subaward to a state or local government or a public institution of higher education, cannot be made unless a properly executed certification of compliance with 8 U.S.C. 1373, signed by the chief legal officer of the subrecipient entity has been received by OCJG. Similarly, subrecipients cannot make a further subaward to a state or local government or a public institution of higher education, unless it first obtains a properly executed certification of compliance with 8 U.S.C. 1373 signed by the chief legal officer of the third tier subrecipient.

3.0 Funding under this award cannot be subawarded to any subrecipient at any tier that is either a state or unit of local government or a public institution of higher education that is subject to any "information-communication restriction."
4.0 Subrecipients must notify FDLE (in writing) if it has credible evidence that indicates that a funded program or activity of a subrecipient at any tier that is either a state or local government or a public institution of higher education, may be subject to any "information-communication restriction."

5.0 For STATE AGENCIES: With respect to the program or activity that is funded by this subaward, as of the date the subrecipient accepts this subaward, and throughout the remainder of the period of performance for the award-

i. A state statute or a state rule, regulation, policy or practice must be in place that is designed to ensure that agents of the United States acting under color of federal law are given access to any state (or state contracted) correctional facility for the purpose of permitting such agents to meet with individuals who are (or are believed by such agents to be) aliens and to inquire as to such individuals' right to be or remain in the United States.

ii. A state statute, rule, regulation, policy or practice (or an applicable state statute, rule, regulation policy or practice) must be in place that is designed to ensure that, when a local government (or local government contracted) correctional facility receives a formal written request authorized by the Immigration and Nationality Act from DHS that seeks advance notice of the scheduled release date and time for a particular alien, they will honor the request and as early as practicable, provide the request notice to DHS.

7.0 Monitoring of compliance with the requirements of this condition will be conducted by FDLE.

8.0 Nothing in this condition shall be understood to authorize any subrecipient at any tier to violate any federal law, including any applicable civil rights or nondiscrimination law.

IMPORTANT NOTE: Any questions about the meaning or scope of this condition should be directed to FDLE prior to award acceptance.

SECTION VIII: ADDITIONAL REQUIREMENTS

1.0 Environmental Protection Agency's (EPA) list of Violating Facilities - The subrecipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

2.0 National Environmental Policy Act (NEPA)

The subrecipient agrees to assist FDLE in complying with the NEPA, the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of subaward funds by the subrecipient. This applies to the following new activities whether or not they are being specifically funded with these subaward funds. That is, it applies as long as the activity is being conducted by the subrecipient or any third party and the activity needs to be undertaken in order to use these subaward funds. Accordingly, the subrecipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes.
If it is determined that any of the following activities will be funded by the grant, the recipient agrees to contact FDLE OCJG.

1) New construction;

2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;

3) A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;

4) Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments; and

5) Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The subrecipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The subrecipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at https://www.bja.gov/Funding/nepa.html, for programs relating to methamphetamine laboratory operations.

4.0 Human Research Subjects - Subrecipient agrees to comply with the requirements of 28 C.F.R. part 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtaining of Institutional Review Board approval, if appropriate, and subject informed consent.

5.0 Disclosures

6.0 Uniform Relocation Assistance and Real Property Acquisitions Act - The subgrant recipient will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs.

7.0 Limitations on Government Employees Financed by Federal Assistance - The subrecipient will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7324-28, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

8.0 Funds to Association of Community Organizations for Reform Now (ACORN) Unallowable - Subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.

9.0 Text Messaging While Driving - Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), and §316.305, F.S., the subrecipient is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this subaward and to establish workplace safety policies and conduct education, awareness, and
other outreach to decrease crashes caused by distracted drivers.

10.0 DNA Testing of Evidentiary Materials and Upload of DNA Profiles to a Database - If PREA program funds will be used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), by a government DNA lab with access to CODIS. DEFECTS. The provisions of this Section shall survive Closing and delivery of the Deed.

5.1 Survey. Seller shall provide, at its sole cost and expense, and as soon as practicable
after the Effective Date, a boundary survey of the Property prepared by a licensed Florida land surveyor
(the "Survey"). The Survey shall be certified to Buyer, Seller and Title Insurer, as defined in Section 5.2 of

5.3 Buyer's Review. Buyer shall have ten (10) days after receipt of the Commitment
or Survey, whichever is the last to be received, in which to determine the nature of any objections to the

disclosed in writing to Seller by Buyer as objectionable ("Buyer’s Objections") during said ten (10) days, or which are accepted by Buyer, or are restrictions on title otherwise permitted herein, shall be considered “Permitted Encumbrances.” Notwithstanding anything to the contrary in this Agreement, any and all oil, gas and mineral interests which encumber the Property shall be considered Permitted Encumbrances. Seller may, at its option, use reasonable efforts to remedy or remove any of Buyer’s Objections or obtain title insurance against the same. If Seller and Buyer have not reached an agreement to resolve Buyer’s Objections within 30 days following Seller’s receipt thereof ("Title Resolution Period"), then Buyer may, at its option, either (i) terminate this Agreement no later than 5 days after expiration of the Title Resolution Period upon written notice to Seller and receive a refund of the Deposit and the parties shall thereafter be relieved of all further obligations under this Agreement which do not specifically survive its termination, or (ii) take title as it then exists without reduction in the Purchase Price. In the event Buyer fails to timely terminate this Agreement under option (i) immediately above, then Buyer shall have waived its right to terminate this Agreement as permitted under option (i) immediately above.

Section 6.0 Deed of Conveyance. Seller shall convey title to the Property by special warranty deed (the “Deed”), subject to ad valorem taxes for the current year and subsequent years, the provisions set forth in Sections 27.0, 28.0, 29.0, 30.0 and 31.0, and the Permitted Encumbrances.

Section 7.0 Casualty and Eminent Domain. Except as provided in Section 3.0, risk of any casualty to or loss of the Property occurring prior to Closing shall be borne by Seller. Notwithstanding the foregoing, if all or any portion of the Property or access thereto shall be damaged by fire or other casualty or taken by public authority, or notice of such proposed taking be obtained, prior to the Closing Date, then Seller shall provide immediate written notice thereof to Buyer and, at Buyer’s option, (i) this Agreement shall become null and void and the Deposit shall forthwith be returned to Buyer, or (ii) Buyer may consummate the sale, pay the full Purchase Price and have assigned to it all claims and right of recovery for such casualty or taking. Buyer shall make election in writing within 10 days after Seller shall have notified Buyer, in writing, of such taking or proposed taking or casualty damage and the Closing Date shall be extended if necessary to accommodate this notice period.

Section 8.0 Real Estate Commission. Buyer and Seller represent and warrant each to the other that no broker or finder was instrumental in arranging or bringing about this transaction. Each party agrees to hold harmless the other from and against any and all claims, damages, expenses (including reasonable attorneys’ fees and court costs) and liabilities of any nature whatsoever asserted against or incurred by either party in connection with claims of any entity with whom such party may have consulted, dealt or negotiated. The provisions of this Section shall survive the Closing and delivery of the deed.

Section 9.0 Closing. The consummation of the transaction contemplated hereby for the purchase of the Property (the “Closing” or “Closing Date”) shall take place at Escrow Agent’s office within twenty (20) days after the expiration of the Feasibility Period, unless otherwise expressly extended by the terms hereof. Closing may take place by mail or on an earlier date as agreed to by the parties.

Buyer and Seller shall prorate ad valorem taxes and assessments against the Property as of the Closing Date.
Section 12.0 Notices. Any notice, demand, consent, authorization, request, approval or other communication that any party is required, or may desire, to give to or make upon the other party pursuant to this Agreement shall be effective and valid only if in writing, signed by the parties giving such notice, and delivered personally to the other parties or sent by express 24-hour guaranteed courier or delivery service, by certified mail of the United States Postal Service, postage prepaid and return receipt requested, or by electronic means including email, addressed to the other parties as follows (or to such other place as any party may by notice to the others specify):

Section 13.0 Remedies. In the event that Buyer, prior to Closing, fails to perform any covenant, agreement or obligation hereof as provided herein, or in the event that there is any breach or failure of any warranty or representation by Buyer prior to Closing, then Seller shall be entitled to retain the Deposit, as
full liquidated damages and as Seller’s sole and exclusive remedy for such default, the parties hereto acknowledging that it is impossible to estimate or ascertain precisely the damages which might be suffered by Seller upon Buyer’s default. Buyer waives all other remedies that may be available to it at law or equity for breaches occurring prior to Closing. In the event Buyer or Seller breaches or fails to perform any covenant, agreement or obligation hereof subsequent to Closing, then Buyer and Seller shall have all rights and remedies available at law or in equity including the right of injunctive relief, damages and the right to action for specific enforcement.

Section 14.0 State Required Disclosure. The following disclosure is required to be made by the laws of the State of Florida if the Property is located within the State of Florida:

Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

Section 15.0 Governing Law. The parties hereto expressly agree that the terms and conditions hereof, and the subsequent performance hereunder, shall be construed and controlled in accordance with the laws of the State of Florida. Venue of any judicial proceedings shall be in Bay County, Florida.

Section 16.0 Assignment. Buyer may not assign its interest in this Agreement without the prior written consent of Seller, which consent may be granted or withheld in Seller’s sole discretion.

Section 17.0 Time is of the Essence. Time is of the essence of this Agreement. If any date referenced herein falls on a Saturday, Sunday or legal holiday, then such date automatically is extended to the next business day.

Section 18.0 Acceptance. This agreement and purchase is wholly contingent upon the City of Panama City Beach City Council voting to approve this contract on or before June 28, 2018. If the decision is “yes”, this Contract shall continue in force and effect. If the decision is “no”, this Agreement shall thereafter be null and void and neither party shall have any liability or obligation hereunder.

Section 19.0 No Recording. Recording of this Agreement or any memorandum thereof by Buyer is prohibited.

Section 20.0 Intentionally omitted.
Section 21.0 **Counterparts.** This Agreement may be executed in multiple counterparts, which together shall constitute one original, each counterpart of which shall be deemed an original and any of which shall be deemed to be complete of itself and may be introduced into evidence or used for any purpose without the production of the other counterpart or counterparts.

Section 22.0 **Further Assurances.** Each party hereto shall, from time to time, execute and deliver such further instruments as the other party or its counsel may reasonably request to effectuate the intent of this Agreement. Nothing within this Agreement shall be construed to be a waiver of the Buyer’s sovereign immunity or a waiver or extension of the provisions of Section 768.28, Florida Statutes.

Section 23.0 **Attorneys’ Fees.** In the event of litigation arising pursuant to the provisions of this Agreement, the prevailing party shall be entitled to collect reasonable attorneys’ fees from the non-prevailing party and costs and expenses of such litigation whether at the trial level or on appeal.

Section 24.0 **Captions.** Captions used in this Agreement are for convenience of reference only and shall not affect the construction of any provision of this Agreement. Whenever used, the singular shall include the plural, the plural shall include the singular, and the neuter gender shall include all genders.

Section 25.0 **Confidentiality.** Except as required in the normal conduct of the business of the parties hereto by law or as part of Buyer’s investigation of the Property, Buyer shall not, without the prior written approval of Seller, at any time during the term of this Agreement or thereafter, divulge to any third party, other than its attorneys, accountants, commissioners, employees and professional advisors who are bound by confidentiality, any information concerning the contents of this Agreement. Buyer shall not make any press releases or other media dissemination of information relating to the transaction contemplated by this Agreement without the prior written approval of Seller, which may be granted or withheld in its sole discretion. However, nothing herein shall prevent the Buyer from complying with the requirements of Florida’s public records law, Chapter 119, Florida Statutes, compliance with which will not be considered a violation of this Agreement.

Section 26.0 **Intentionally Deleted.**

Section 27.0 **Right of First Refusal.**

27.1 **Transfer.** In the event that Buyer decides to assign, sell, lease, transfer, hypothecate, convey or grant (whether voluntarily or otherwise) all or any portion of Buyer’s right, title or interest of any kind or nature in and to the Property to a third party (any of which shall be referred to hereinafter as a “Transfer”), Buyer shall provide Seller with a copy of a bona fide, written offer (the “Offer”) from an arms-length third party who proposes to be the transferee (the “Proposed Transferee”), setting forth all of the terms and conditions of the Transfer. Seller shall have the right for a period of 15 days following receipt of the Offer, to elect to acquire the interest proposed to be transferred from Buyer to the Proposed Transferee on the terms and conditions set forth in the Offer (the “Right of First Refusal”).

27.2 **Exercise.** Seller shall exercise its Right of First Refusal by giving written notice to Buyer, specifying a date not earlier than 30 days and not later than 60 days after the date of Seller’s receipt of the Offer, on which Seller will complete the closing on the Transfer. In the event that Seller does not elect to exercise its Right of First Refusal, Buyer shall be free to complete the Transfer to the Proposed Transferee in accordance with the Offer. If any of the material terms or conditions of the Offer change prior to the closing with the Proposed Transferee, Buyer must give written notice of such change to Seller, and Seller shall again have a 15 day period during which it may elect to acquire the interest of Buyer proposed to be transferred by Buyer on the terms and conditions set forth in the revised Offer.
27.3 **Duration.** In the event that Seller does not elect to exercise its Right of First Refusal as aforesaid, the Proposed Transferee and every subsequent owner of the Property (and Buyer, if the original Proposed Transferee fails to complete the closing on the Transfer) shall remain bound by the terms and provisions of this Section, and any subsequent proposed Transfer shall again give rise to Seller’s Right of First Refusal to acquire the interest proposed to be transferred, in accordance with the provisions of this Section. The Right of First Refusal shall terminate upon completion of construction of improvements on the Property.

27.4 **Survival.** The provisions of this Section 27.0 shall survive Closing.

27.5 **Recorded Notice.** A Notice of Right of First Refusal, in form and substance satisfactory to Seller, shall be executed by Buyer and Seller at Closing, and recorded in the public records of Bay County, Florida.

**Section 28.0 Permitted Use.** For a period of twenty (20) years after the Closing Date, the Property shall be used and developed generally for any municipal purposes ("Permitted Use"). The terms of this Section 28 shall survive closing and shall be incorporated in the Memorandum of Agreement referenced in Section 29.9 below.

**Section 29.0 Repurchase Option.** For a period of twenty (20) years from the Closing Date, Seller shall have a right to repurchase the Property as described below. For purposes of this Section, the term “Buyer” shall include any of Buyer’s successors and assigns in interest in the Property.

29.1 **Use Default.** The following events shall constitute a “Use Default”: (i) Buyer’s failure to commence construction of the Improvements on the Property within twenty-four (24) months after the Closing Date; (ii) Buyer’s failure to complete construction of the Improvements on the Property within thirty-six (36) months after the Closing Date; (iii) Buyer’s use of any portion of the Property for other than the Permitted Use; or (iv) Buyer’s failure to observe, keep, satisfy, perform and comply with, any agreement, term, covenant, condition, requirement, or restriction, which failure continues for longer than 30 days after Seller gives Buyer written notice thereof.

29.2 **Remedies.** Upon the occurrence of a Use Default, Seller may elect to repurchase the Property in accordance with and subject to the terms, conditions and limitations set forth in this Section ("Repurchase Option").

29.3 **Exercise.** If Seller concludes that a Use Default has occurred and desires to exercise its Repurchase Option, Seller shall then provide written notice to Buyer specifying the Use Default ("Use Default Notice"). If Buyer has not cured the Use Default within 30 days after receipt of the Use Default Notice, then Seller may exercise its Repurchase Option by providing written notice to Buyer (the “Acquisition Notice”). The Acquisition Notice shall specify a date not more than 90 days thereafter, on which Seller shall acquire all of Buyer’s right, title and interest in and to the Property, together with all improvements thereon and all licenses and permits appurtenant to the Property. For purposes hereof, Buyer will be deemed to have cured a failure to observe, keep, satisfy, perform and comply with, any agreement, term, covenant, condition, requirement, or restriction, if Buyer has discontinued the Use Default prior to receipt of the Acquisition Notice. Notwithstanding the foregoing, Buyer shall not be entitled to cure a second Use Default, if such Use Default occurs within two (2) years after the date Buyer cures the first Use Default.

29.4 **Repurchase Price.** The repurchase price to be paid by Seller for the Property acquired through the Repurchase Option (the “Repurchase Price”), shall be calculated as of the date of the Acquisition Notice as follows:
The sum of (i) the Purchase Price of the Property (the "Land Value") and (ii) as to any completed or partially completed improvements located on the Property, the then fair market value as determined by a mutually agreed upon appraiser, of any such improvements not including the Land Value (the "Improvement Value").

If Seller proposes an appraiser to Buyer for approval and Buyer is unwilling to approve of such appraiser within 15 days after receipt of such proposal, Buyer may designate a second appraiser not later than 30 days after receipt of Seller's notice proposing an appraiser. The two appraisers designated by Buyer and Seller shall meet and appoint a third appraiser, whereupon all three appraisers shall independently appraise the value of the improvements on the Property. The average of the three appraised values shall be deemed to be the Improvement Value. If Buyer fails to designate a second appraiser within the aforementioned 30 day period, the appraiser initially proposed by Seller shall be deemed to be the mutually agreed upon appraiser, and such appraisal shall control.

29.5 Minimum Repurchase Price. Notwithstanding the provisions of this Section, in no event will the Repurchase Price be less than the amount required to pay or discharge any debt then outstanding which has been incurred by or on behalf of Buyer, in order to finance the acquisition of the Property or the construction of the improvements thereon.

29.6 Additional Repurchase Terms. In the event that Seller exercises its Repurchase Option, the following provisions shall apply:

29.6.1 Title. Buyer shall be required to convey title to the Property to Seller subject only to those matters of record as of the date on which Buyer originally acquired title to the Property, and any utility, drainage or other easements necessary in order to develop the Property which have, as of the date of the Acquisition Notice, been granted to third parties by Buyer.

29.6.2 Fixtures and Equipment. Fixtures and equipment placed or installed on the Property by Buyer as an addition or improvement may, at Seller's option, be purchased by Seller at fair market value, or such fixtures and equipment shall be removed by Buyer.

29.7 No Election of Remedies. Seller’s pursuit of the remedies set forth above shall not preclude pursuit of any other remedy or remedies provided in this Agreement or any other remedy or remedies provided for or allowed by law or in equity, separately or concurrently or in any combination.

29.8 Survival. The provisions of this Section 29.0 shall survive Closing.

29.9 Recorded Memorandum. A Memorandum of Agreement, evidencing the terms of this Section 29 and in form and substance satisfactory to Seller, shall be executed by Buyer and Seller at Closing, and recorded in the public records of Bay County, Florida.

Section 30.0 Reserved.

Section 31.0 Reserved.

Section 32.0 Tap Fees. Buyer shall be responsible for the payment of all impact fees, connection fees and similar charges imposed in connection with sewer and water service for the Property. Buyer acknowledges and understands that potable water, reclaimed water and sewer will not be provided by Seller, but by an unrelated entity and that the provider of such services imposes a fee for initial connection to the water system and sewer system, which fee, as increased or decreased from time to time, shall be the obligation of Buyer and its successors and assigns.
Section 33.0 **Entire Agreement.** This Agreement contains the entire Agreement between the parties hereto and no statement or representation of the respective parties hereto, their agents or employees, made outside of this Agreement, and not contained herein, shall form any part hereof or be binding upon the other party hereto. The terms and provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, legal representatives, and permitted assigns. This Agreement shall not be changed or modified except by written instrument signed by the parties hereto.

**IN WITNESS WHEREOF,** the parties hereto have executed this Agreement as of the dates written below their respective names.

6. **BACKGROUND:**
   (WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED)
   To plan for future growth of City's utility system, the City approved a land purchase agreement with the St. Joe Company in June 2018 to acquire approximately 40 acres of uplands and wetlands owned by the St. Joe Company south of the Conservation Park and west of the Commerce Park. The size of the site has been determined by the space needs for a 12 MGD WWTP, coupled with need for a new underground utilities operations facility. The surveying and identification of the actual location of the boundary of the lands to be conveyed has been ongoing, and was finalized in December 2018. In January, St. Joe requested amendments to the agreement to address the offsite and onsite mitigation areas and obligations of each party. Those amendments have been formalized in the attached document, which also confirms the approximately 48 acres to be conveyed to the City.

   The June 2018 purchase agreement confirmed the parties agreement to value each developable acre at $23,696.43, and wetlands at $3,000 per acre. Based on that formula, the total purchase price based on the 48 acres of land to be conveyed is $791,590.67, and breaks down as follows:
   - Uplands: 28.533 acres x $23,696.43 = $676,130.24
   - Converted uplands: 2.68 acres x $23,696.43 = $63,506.43
   - Onsite wetland: 8.547 acres x $3,000 = $25,641.00
   - Offsite wetland: 8.771 acres x $3,000 = $26,313.00

   There are sufficient funds in the budget for the purchase.
   Staff recommends approval.
RESOLUTION 19-60

JOE COMPANY RELATED TO THE MITIGATION OBLIGATIONS ARISING FROM THE PURCHASE OF LAND FOR THE WASTEWATER TREATMENT FACILITY SITE WEST OF THE COMMERCE PARK; CONFIRMING THE ACREAGES OF LAND TO BE CONVEYED; AND PROVIDING AN IMMEDIATELY EFFECTIVE DATE.

BE IT RESOLVED that the appropriate officers of the City are authorized to accept and deliver on behalf of the City that certain First Amendment to the Real Estate Purchase Agreement between the City and The St. Joe Company, a Florida corporation, and the St. Joe Timberland Company of Delaware, LLC, a Delaware limited liability company, relating to mitigation obligations arising from the purchase of approximately 48 acres of vacant land located west of the Beach Commerce Park for a Wastewater Treatment Facility, in substantially the form attached and presented to the Council today, with such changes, insertions or omissions as may be approved by the City Manager and whose execution shall be conclusive evidence of such approval.

WHEREAS, the City and Seller entered into that certain Agreement relating to the purchase of approximately 30 acres of vacant land, together with adjoining wetlands and an easement for ingress, egress and utilities, which agreement was approved by Resolution of the City Council on June 14 2018, and

WHEREAS, considerable surveying has been undertaken and the acreages of the site and wetlands to be conveyed are now known with certainty, and the parties desire to amend the agreement to confirm the quantity of land to be purchased and conveyed; and

WHEREAS, the Agreement contemplated the mitigation of wetlands, for which the parties desire to enter into this First Amendment in order to clarify the obligations of each.

NOW THEREFORE, IN CONSIDERATION of the mutual terms and conditions, promises, covenants and payments set forth, the parties agree to amend the Agreement as follows:

1. The City and Developer wish to amend Section 1 of the Agreement to read as follows:

Section 1.0 General Outline of Transaction. Seller hereby agrees to sell and convey by statutory warranty deed, and Buyer hereby agrees to purchase and pay for, the owner in fee simple of two parcels of land located in Panama City Beach, Bay County, Florida, encompassing approximately 39.76 acres of contiguous uplands, converted uplands and other adjacent wetlands, and 8.771 acres of offsite wetland, 532+/- acres of land located in Panama City Beach, Bay County, Florida, within which the City wishes to acquire approximately 30+/- acres of contiguous uplands and converted wetlands, together with other adjacent wetlands (“Property”), together with an eighty (80) foot wide, non-exclusive permanent easement to Buyer across Seller’s adjacent property on an existing timber road for purposes of ingress and egress and utilities to serve the Property (“Easement”) as generally depicted on Exhibit “A” attached hereto and by this reference incorporated herein. The exact legal description and acreage of the Property and the legal description of the Easement are to be determined by the “Survey” as hereinafter defined.
2. The City and Developer wish to amend Section 30 of the Agreement to read as follows:

Seller shall delineate all wetlands on the Property and Easement. Buyer shall obtain, at its sole cost and expense, a survey of the delineated wetlands on the Property and Easement and the offsite mitigation area.

Section 30.1 On-Site Conservation Easement. Pursuant to the RGP/EMA, a conservation easement shall be recorded by Seller for onsite and offsite wetlands not proposed for impact to meet the 80:20 preservation requirement. Buyer shall obtain, at its sole cost and expense, all surveys, sketches and legal descriptions needed for on-site wetlands which require a conservation easement. Buyer shall be responsible for any and all costs associated with the construction, implementation, maintenance, compliance and management of the onsite mitigation area.

Section 30.2 Off-Site Conservation Easement for Active Mitigation. Except for those duties expressly assumed by Buyer below, Seller shall be solely responsible for providing an offsite mitigation area within the Phillips Inlet sub basin, as required to offset impacts to low quality wetlands and high quality wetlands within the Property and Easement. Pursuant to the RGP/EMA, a conservation easement shall be recorded by Seller to offset wetland impacts made within the same sub basin. Buyer shall obtain, at its sole cost and expense, all surveys, sketches and legal descriptions needed for on-site and offsite wetlands which require the conservation easement. Buyer shall be responsible for any and all costs associated with the construction, implementation, and maintenance, compliance and management of the off-site mitigation area as required by the permit.

Buyer shall pay for all surveys, sketches and legal descriptions needed for the conservation easement within the conservation unit.

3. Except as expressly modified by this First Amendment, the Agreement remains unchanged and in full force and effect.
