Councilman Chester asked if the CRA roads are controlled by the Florida Department of Transportation. Mr. Campbell explained the majority of Front Beach Road is under DOT control with the exception of the completed CRA segments. Ms. Myers stated a primary objective of the CRA is funding and financing of the CRA. She explained the Council has executed every funding alternative contemplated at the CRA’s creation except a right of way assessment.

Councilman McConnell explained the reason he ran for office was his belief that the City did not historically keep up with the infrastructure costs and maintenance. **ITEM 5 DOUBLE RED FLAG DISCUSSION.** Councilman Solis handed out Bay County’s current Ordinance for the double red flag system which, compared to City ordinance, provides for citation and arrest of swimmers in the Gulf of Mexico during double red flags. He asserted that any rule with no enforcement mechanism is useless and explained that double red flags close the water to the public. Under the current code, City officers cannot cite people for going into the water during double red flags. Councilman Solis explained that several drownings this summer occurred during double red flags. Councilman Solis pointed out that some of the victims were those attempting to rescue others in distress. Councilman Solis asserted that an arrest of a swimmer in dangerous conditions sends a deterrent message to others in the area. Councilman Solis asked to move forward with an Ordinance providing enhanced enforcement tools. Ms. Myers proposed to put a rule in place that makes it unlawful to disobey the lawful order of a police official or a fire rescue official acting on behalf of the City.

Councilman Casto called Deputy Chief Lindsey to the podium. He asked if the Police Department had enough staff to enforce an Ordinance. Deputy Chief Lindsey stated they do not have enough staff; they would need a minimum of at least seven people to use as primary Beach Patrol. Mayor Thomas disagreed. Councilman Solis explained they increased the department by thirteen officers in the last three years, and felt staffing levels were up to the task. Deputy Chief Lindsey commented he understands the frustration of not being able to enforce this issue. Councilman Casto suggested an Amber Alert be sent out about double red flag and adding some education about double red flags to the beach services at condos that already hand out brochures and flyers daily, it is a good tool to get the information out to the public. He stated the new fire station and its employees will be a big plus to assist on this issue. Councilman McConnell commented he would like to see buoys at each service spot and Bay Alerts go out and the importance of using all available resources. He commented we are understaffed for the City of our size. Councilman Chester stated he will consult with the Tourist Development Council on some possible advertisements. Councilman Casto stated we must continue making progress as the community grows. He is excited about the Fire Department taking over Beach and Surf. Discussion ensued.

DELEGATIONS

Mayor Thomas explained the Delegations period and opened this portion of the meeting at 11:02 a.m.

1 Burnie Thompson, 17292 Front Beach Road. Mr. Thompson spoke in opposition of stricter enforcement during double red flags. He asked the Council to listen to the listen to law enforcement about arrests and Councilman Casto about water safety. He questioned Councilman Solis’s primary residence in Florida.
2 Colleen Swab – 13416 Front Beach Road. Ms. Swab stated she is opposed to Resolution 19-99. She requested clarification on the special assessment.
3 Genese Hatcher – 203 S Wells Street. Ms. Hatcher spoke in favor of stricter double red flag enforcement. She suggested that civil citations could cover the cost of additional officers. She suggested several ways people could be informed and have receipt of their acknowledgment of a red flag policy when they check in to surrounding hotels. She commented rules are there to be enforced. She argued the rule of no dogs on the beach is not being enforced.
4 Rex Reid – 202 Gulf Lane. Mr. Reid commented parents should be arrested for child endangerment for letting the children in the water. He commended the great job by the Police Department. He explained he just put in a sewer line that goes to six lots, he is limited to five years of capturing the costs. In his opinion, he should be able to recapture the cost as long as he owns the property.

With no further comments, Mayor Thomas closed the Delegations period at 11:12 a.m.

ATTORNEY REPORT

Ms. Myers stated she had no report.

CITY MANAGER REPORT

Mr. Gisbert read the open bids and available jobs.

COUNCIL COMMENTS

Councilman Chester had no comments.

Councilman Solis explained he lives in Panama City Beach. He commented he does visit Texas because he has family in the area.

Councilman McConnell explained it costs about $100,000 per officer every year, he doubts the officers will write that many fines to cover their salary as commented by Ms. Hatcher.

With nothing further, the meeting was adjourned at 11:18 a.m.

READ AND APPROVED this 11th of July, 2019.

IN THE EVENT OF A CONFLICT BETWEEN THE FOREGOING MINUTES AND A VERBATIM TRANSCRIPT OF THESE MINUTES, THE FOREGOING MINUTES SHALL CONTROL.

The City purchased and installed 10 solar powered school zone light systems several years ago for the four schools we serve on the beach. Hurricane Michael immediately destroyed 2 of the poles (one at Surfside Middle and one at Arnold High) and possibly weakened the integrity of a third (at Beach Elementary). The Beach Elementary pole was found on the ground June 8, 2019 immediately following a high wind storm event the night before. A fourth pole was struck and destroyed by a vehicle accident; which was reimbursed by the vehicle’s insurance company. The City’s electrician inspected the salvaged parts and determined that none of the old equipment was usable. Sealed bids were solicited on 06/11/2019 for a 2 week period of time, ending on 06/26/2019. One response was submitted by World Fiber Technologies, quoting $15,074.56 per pole; for a total project amount of $60,298.24. This price includes parts, 3 year warranties, and installation costs. We believe the 3 storm damage related poles will be reimbursed by hurricane insurance; and the vehicle damage related pole has already been reimbursed by the vehicle’s insurance company. It is our intent to have these 4 sites operational prior to the beginning of school for the safety of the community and our children.

(A) Pursuant to Article VIII, Section 2(b) of the Florida Constitution, and Sections 166.021 and 166.041, Florida Statutes, the City Council has all powers of local self-government to perform municipal functions and to render municipal services except when prohibited by law and such power may be exercised by the enactment of legislation in the form of City ordinances.

(B) The City Council may exercise any governmental, corporate, or proprietary power for a municipal purpose except when expressly prohibited by law, and the City Council may legislate on any subject matter on which the Legislature may act, except those subjects described in (a), (b), (c), and (d) of Section 166.021(3), Florida Statutes. The subject matter of paragraphs (a), (b), (c) and (d) of Section 166.021(3), Florida Statutes, are not relevant to imposition of the Nuisance Abatement Assessments within the City.
(C) The City is authorized by Article VIII, Section 2 of the State Constitution, Section 166.021, Florida Statutes, the Nuisance Abatement Ordinances, the Uniform Assessment Collection Act, and other applicable provisions of law, to provide for the imposition and collection of charges in the form of special assessments, such impositions also being sometimes characterized as non-ad valorem assessments.

(D) The Council has enacted the Assessment Ordinance and the Nuisance Ordinance to authorize the imposition of Nuisance Abatement Assessments to fund the Nuisance Abatement Service Cost to benefit property in the Assessment Area.

(E) Prior to the adoption of the Assessment Roll, the City incurred costs related to the abatement of one or more public nuisances and the remediation or improvement of property, which costs remain outstanding, and are properly included within the Nuisance Abatement Service Cost.

(F) The provision of Nuisance Abatement Services have specially benefitted the Tax Parcels to be assessed and enhanced the utilization and enjoyment of the Tax Parcels by one or more of the following: (1) protecting or enhancing the value and use of the property through the elimination of an existing code violation that presents a serious threat to the public health, safety, and welfare; (2) providing increased safety and better access to the property; (3) improving the property's appearance; (4) rendering the property more adaptable to a current or reasonably foreseeable new and higher use; (5) fostering the enhancement of environmentally responsible use and enjoyment of the property; and (6)

The Council hereby determines that the Nuisance Abatement Service Cost provides a special benefit to each Tax Parcel to be assessed, and that it is fair and equitable to allocate the Nuisance Abatement Service Cost to Tax Parcels predominately benefited by the removal or abatement of the Nuisance from that Tax Parcel and the reciprocal relief of the burden caused by the Nuisance, based upon the actual, administrative, services and collection costs incurred by the City in abating the nuisance located on the Tax Parcel and which costs are uniquely attributable to that Tax Parcel.

6. **BACKGROUND:** *(WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED)*

Due to the highly competitive labor market following Hurricane Michael, the City has been unable to fill several vacant positions.

This shortage has left some employees to carry an extraordinary burden of working in positions without adequate support of co-workers as needed. These employees are left doing the work of two or three employees and are vital to the City. To incentivize this continued extra effort, the Human Resources director proposed a Critical Staffing Shortage Pay program to offer additional pay for those working without help as budgeted by the City Council.

Resolution 19-107 creates a pilot program for Critical Staffing Shortage Pay. The Resolution would, under certain conditions, allow nonsupervisory full-time employees working in departments staffed below 75% of their budgeted levels to receive an additional $80.00 per pay period. The program requires the shortage to be certified by the City Manager, that positions be advertised for ninety days prior to implementation, and ceases upon staffing levels reaching 75%.

Staff recommends approval.
RESOLUTION 19-107

A RESOLUTION OF THE CITY OF PANAMA CITY BEACH, FLORIDA, IMPLEMENTING A CRITICALLY STAFFING SHORTAGE INCENTIVE PAY PILOT PROGRAM FOR A PERIOD OF ONE YEAR FROM THE DATE OF THIS RESOLUTION.

BE IT RESOLVED by the City Council of the City of Panama City Beach that the City Manager is hereby authorized to implement a Critically Staffing Shortage Incentive Pay Pilot Program for a period of one (1) year from the date of this Resolution under the following terms:

1. A "Critical Staffing Shortage" shall exist when the percentage of budgeted positions of any individual department's nonsupervisory positions reaches below 75%. The City Manager shall, by Executive Order, certify the existence of a Critical Staffing Shortage. The Executive Order shall identify the department and positions affected and request that the Civil Service Board take all actions reasonably necessary to fill the vacant positions from the Executive Order.

2. If the positions identified by the City Manager remain unfilled ninety (90) days from the Executive Order such that more than 25% of the non-supervisory full-time positions are vacant for a period of ninety (90) days, then all non-supervisory full-time employees in the affected department(s) shall receive Critical Staffing Shortage Pay in the amount of $80.00 per pay period. Critical Staffing Shortage Pay shall cease ninety (90) days from the physical start date of any non-supervisory full-time employee whose hire or transfer renders the department staffed at 75% or above. The aforementioned employee shall not be eligible for Critical Staffing Shortage Pay within ninety (90) days of his or her start date.

THIS RESOLUTION shall take effect immediately upon its passage.

Panama City Beach – Proposal for Continued Work

On November 8, 2018, the City Council of the City of Panama City Beach passed resolution 19-16 awarding Hagerty Consulting a time and materials (T&M) contract for Disaster Recovery Administrative Services and Federal Disaster Grant Management Consulting. The total value of that contract was $250,000.

Hagerty has directly increased the City’s eligible FEMA Public Assistance (PA) reimbursements by $1,100,057 (for a total of $2,820,372 in FEMA PA reimbursements) while progressing six FEMA Hazard Mitigation Grant Program (HMGP) projects totalling ~$23,000,000.

PCB is seeking to increase the contract amount by $546,240, for a new contract total of $796,240. Of this amount, it is anticipated that FEMA will reimburse at least $459,303 (~$336,937 may not be reimbursable by FEMA). Potential "return on investment" is > $700,000.

Hagerty Consulting Completed Services and Accomplishments

1. Hagerty has successfully formulated and submitted $1,811,015 in FEMA PA grants.
   a. Of this ~$1.8M, $569,354 was additional eligible funding identified by Hagerty.
2. Hagerty has also developed initial scope for six FEMA HMGP projects totalling approximately $23,000,000, four of which will likely be projects that will require additional scope and cost development before they are approved by FDEM.
   a. All six have been accepted by the County’s Local Mitigation Strategy (LMS) Committee.

REGULAR ITEM

On May 25, 2017, the City adopted Ordinance 1413, which regulated the establishment and operation of Cannabis Dispensing Facilities in the City. On June 23, 2017, the Florida Legislature adopted legislation precluding municipal regulation of medical marijuana treatment facilities, such that the City’s ordinance was rendered unenforceable. Though Section 381.986, Florida Statutes, permits a local government to ban medical marijuana treatment facilities from its jurisdiction, the City Council has previously determined that a total ban on these facilities is contrary to the desire of the majority of electors who voted to legalize medical marijuana in Florida in 2016. If the City repeals prior Ordinance 1413, medical marijuana treatment facilities may be established in the City limits in accordance with the requirements set forth in Section 381.986, Florida Statutes.

The Planning Board considered the Ordinance at their June 12, 2019, meeting and recommended approval.

Council approved the first reading of the Ordinance on June 27, 2019. Staff has properly advertised a public hearing for the second reading and adoption of the ordinance. If adopted, the Ordinance shall take effect immediately.
ORDINANCE NO. 1492

AN ORDINANCE OF THE CITY OF PANAMA CITY BEACH, FLORIDA, REPEALING CITY ORDINANCE 1413 RELATED TO THE REGULATION OF CANNABIS DISPENSING FACILITIES; AUTHORIZING CODIFICATION; AND PROVIDING AN IMMEDIATELY EFFECTIVE DATE.

WHEREAS, on May 25, 2017, the City adopted Ordinance 1413, which regulated the establishment and operation of Cannabis Dispensing Facilities in the City; and

WHEREAS, in June 23, 2017, the Florida Legislature adopted legislation preempting municipal regulation of medical marijuana treatment facilities, such that the City’s ordinance was rendered unenforceable; and

WHEREAS, though Section 381.986, Florida Statutes, permits a local government to ban medical marijuana treatment facilities from its jurisdiction, the City finds and determines that a total ban on these facilities is contrary to the desire of the majority of electors who voted to legalize medical marijuana in our State in 2016; and

WHEREAS, the City finds and determines that, as a result of its repeal of City Ordinance 1413, medical marijuana treatment facilities may be established in the City limits in accordance with the requirements set forth in Section 381.986, Florida Statutes.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PANAMA CITY BEACH:

SECTION 1. From and after the effective date of this ordinance, Ordinance 1413 of the City of Panama City Beach related to Cannabis Dispensing Facilities is hereby repealed in its entirety.

SECTION 2. The appropriate officers and agents of the City are authorized
and directed to codify, edit and publish in electronic format the Panama City Beach Land Development Code to execute the intent and provisions of this Ordinance, and unless a contrary ordinance is adopted within ninety (90) days following such publication, the codification of this Ordinance shall become the final and official record of the matters herein ordained. NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PANAMA CITY BEACH:

SECTION 1. From and after the effective date of this ordinance, Chapter 2 of the Code of Ordinances of the City of Panama City Beach related to Off-Duty Employment, is amended to read as follows (new text bold and underlined, deleted text struckthrough):

Sec. 2-58 Special Event Outside Police and Fire Employment
(a) It is the purpose and intent of the City Council that all outside duty law enforcement and fire and rescue employment with a private employer organizing, staging, promoting, or conducting a special event permitted by the City be administered and supervised in accordance with the provisions of this section.
(b) The provisions of sections 2-53, 2-54, 2-55 and 2-57 shall apply equally to special event outside duty employment.

Sec. 2-59 Definitions
(a) When used in this section, the word "promoter" shall mean any person or entity organizing, staging, promoting or conducting any special event as defined by 4-16(a), (b), or (c) of this Code.

(b) When used in this section, the word "special event services" shall mean outside duty law enforcement, security, traffic control, emergency medical technician services, fire protection, crowd management, or any other services necessary for the issuance of a special event permit or as a condition of conducting a special event within the corporate limits of the City of Panama City Beach performed by employees of the City Police or Fire department.

Sec. 2-60 Special Event Services

(a) The City Police Department and Fire Department may facilitate the employment of law enforcement and fire/rescue personnel by separate and independent private promoters needing off-duty special event services. Such employment shall be specific to each event and shall not be on a continuing, seasonal, or annual basis.

(b) The departments shall maintain a roster of personnel who, at their sole option, wish to perform such work. Each department head or his or her designee will select the personnel for such outside duty details from the roster of those who wish to participate. Personnel serving in executive/management may not participate in outside duty details, except that the police chief and fire chief or their respective designees may assign executive/management personnel, to supervise special events in an outside duty detail capacity as deemed necessary.

(c) The City Council shall establish rates for off-duty special event services and fees for the City's administrative expenses. The rates and administrative fees may be established by resolution. The City may require that the promoter pay the charges for such services directly to the city and may establish procedures for the personnel to receive their pay for off-duty special event services through the city's payroll system. The City may require that
promoters pay all charges in advance of services being performed.

(d) Should the promoter determine that the special event services for which it contracted will no longer be required, the promoter shall request a reduction in services from the coordinating department no later than twenty-four (24) hours prior to the scheduled start of such reserved services. Upon receipt of such request, the coordinating department may deny the request if the department determines the reduction would create a safety risk to the public. In the event that the promoter fails to timely request a reduction, the City shall charge a minimum of two (2) hours for each officer who reports for duty to the promoter's event.

(e) Outside duty personnel shall observe the department's normal standards of conduct, rules and regulations and other policies and procedures during such details and shall be subject to disciplinary action by the City for their failure to do so.

(f) In accordance with 29 C.F.R. Section 553.227, hours worked by police and fire personnel for outside special event services shall not be combined with the hours worked for the City for purposes of overtime compensation.

(g) Police and fire personnel voluntarily performing off-duty police special event services shall be compensated at the hourly rate established by the Council, as an addition to the regular employee payroll. Such compensation shall be subject to all applicable withholding taxes. Compensation under this section shall not be considered as income reportable to the City's pension.

(h) By enacting this section, the City has not agreed, and does not agree, to provide workers' compensation coverage for injuries sustained by outside personnel performing services for private employers. Such coverage shall be determined in accordance with Florida law.

(i) In consideration for the City allowing private employers to hire police and fire personnel for special event services, the promoter shall indemnify and save harmless the City, its officers, agents and employees from or on account of any injuries or damages received or sustained by any person or
persons during or on account of any negligent act of City personnel while that employee is employed by the promoter regarding of whether the negligent act occurred while the employee was discharging his or her primary responsibilities in providing special event services. This requirement may be waived by the City Council for special event services on City property.

(i) This section shall not apply to events held solely by the City of Panama City Beach

SECTION 2. From and after the effective date of this ordinance, Chapter 4 of the Code of Ordinances of the City of Panama City Beach related to Special Events, is amended to read as follows (new text bold and underlined, deleted text struck through):

Sec. 4-20. - Application for permit.
(1) Each application for a special event permit required by this Article shall contain the information described below and must be filed, and the permit fee paid, no less than the following number of days before the opening of the event to the public:

a. Sixty (60) calendar days for a large event or for a medium event to be held in whole or in part during the month of March, Memorial Day weekend, 4th of July and its closest weekend or Labor Day weekend.

b. Thirty (30) calendar days for a medium event other than at the above times.

c. Twenty (20) calendar days for a small event.

Notwithstanding the foregoing, the City Manager shall accept a tardy application and if (i) City staff has the capacity to conduct an ordinary review of the application without causing material neglect of other staff duties or, (ii) the event promoter stands willing and able to pay and deposits a sum of money to cover any overtime for City staff to conduct an ordinary review of the application, and staff volunteers such overtime, then the City will use reasonable efforts to process a
tardy application in time to allow the event to be held. Applications shall be reviewed in the order received and priority shall be given to timely filed applications.

(2) Prior to approval of a special event application, any applicant proposing to hire off-duty City employees in meeting the special event obligations required herein must secure a municipal services reservation pursuant to section 4.21.5 of this Code. Any person who completes this reservation need not resubmit information required for that reservation set out in subsections 4-20 (a), (b), (e), (f), (i), (j), (k), and (m) unless such information has changed since the reservation’s approval.

(2) All applications for a permit under this Article must contain:

a. The name and address of the applicant and if not a natural person the names and addresses of all persons controlling or owning greater than a five (5) percent interest in the applicant or a parent company of the applicant.

b. The dates and times of the event.

c. A list of the names and addresses of all vendors, independent contractors or other persons or firms which will be engaged by or associated with the applicant to offer goods or services during the special event, including a description of the goods and services offered by each and the name and address of the person who will have on-site responsibility, if different. The names and addresses of such persons shall be used only for the purposes of (i) identifying the source of good or services after the event, if necessary, (ii) allowing the City to collect all business license taxes due, and (iii) contacting such persons or firms as necessary in the normal course of City business. The information may not be used to grant or deny a permit. Should such a list not be available at the time application is made, applicant shall give a written statement to that effect and agreeing to furnish such a list no later than thirty-six (36) hours before the event and acknowledging that failure to timely provide such a list will result in termination of the special event permit.
d. The names and addresses of all entertainers. This information shall be used for the sole purpose of the City, first, investigating whether sufficient adverse secondary effects have accompanied the entertainer's performance(s) at past performances to raise an objective and reasonable concern that a performance at the event could require planning for and provision of extraordinary municipal services and precautions due to a special or enhanced danger to public health, safety or welfare, and then, second, to allow the City to contact such entertainers as necessary in the normal course of City business.

e. Whether (i) patrons will be permitted to bring alcoholic beverages into the event (herein a "coolers event"), or (ii) patrons will not be permitted to bring alcoholic beverages into the event but patrons will be offered alcoholic beverages within the event (herein an "alcohol sales event"), or (iii) alcoholic beverages will be prohibited within the event (herein a "no alcohol event").

f. An estimate of the largest number of persons anticipated to be in attendance in the event venue at any point in time, a statement as to how such attendance was estimated (i.e., such as historical events, ticket sales, etc.), and a plan for: (i) determining the actual number of persons in attendance at the event venue as the event progresses; (ii) keeping the City informed in real time of that number; and (iii) a plan to manage and control or disburse the persons desiring to enter the event after capacity is reached. The name, address, telephone number and a description of any prior experience in estimating attendance at previous events shall be included for all persons participating in the attendance estimation.

g. A plan for sanitation facilities and sewage, garbage and litter collection and disposal (during and after the event) generated by the event or by its patrons (wherever such garbage or litter may be located), water supply and food service. A plan submitted under this section is presumptively a danger to public health and safety if it violates, any rules promulgated by the Department of Health or other executive department pursuant
to F.S. Ch. 381 (Public Health), F.S. Ch. 386 (Sanitary Nuisances), F.S. Ch. 509 (Food Service), or similar laws.

h. A plan for flood-lighting the special event and parking areas if any activities are to be offered during darkness.

i. A plan for parking facilities and plans for transporting or conducting patrons from said facilities to the special event venue.

j. A plan for the provision of security, on site and off site traffic control, communications, fire protection and emergency services, including ambulance service, and emergency vehicle access in and around the event venue, and the general background of the training and ability of the personnel to be used in implementing the plan.

   (i) A traffic control plan submitted under this section is presumptively a danger to public health and safety if it does not provide for at least one (1) person professionally trained or experienced in vehicular traffic control for every five hundred (500) anticipated, maximum attendees to actively guide traffic during the event.

   (ii) A security plan submitted under this section is presumptively a danger to public health and safety if it does not provide for the following on site security officers to work the event:

      (a) for a "cooler event" at least five (5) persons on duty for every one thousand (1,000) attendees or portion thereof who shall be certified law enforcement officers, licensed security guards under F.S. Ch. 493 (Class "D" or better), or in-house security professionally trained according to recognized standards;

      (b) for an "alcohol sales event" at least three (3) persons on duty for every one thousand (1,000) attendees or portion thereof who shall be certified law enforcement officers, licensed security guards under F.S. Ch. 493 (Class "D" or better), or in-house security professionally trained according to recognized standards;
(c) for a "no alcohol event" at least one (1) person for every one thousand (1,000) attendees or portion thereof who shall be a certified law enforcement officer, a licensed security guard under F.S. Ch. 493 (Class "D" or better), or in-house security professionally trained according to recognized standards.

The City Manager may approve a plan that does not meet this staffing criteria if it is reasonably shown that public health and safety can be secured through alternative means or that such staffing is not reasonably required for the proposed event, or alternatively the City Manager may require additional staffing reasonably shown to be required to secure the public health and safety during the proposed event.

A security plan submitted under this section is presumptively a danger to public health and safety if it does not prohibit security and traffic control personnel from working more than one (1) twelve-hour shift in any twenty-four-hour period.

k. A plan for medical services to be provided at the special event. A medical services plan submitted under this section is presumptively a danger to public health and safety if it does not prohibit medical personnel from working more than one (1) twelve-hour shift in any twenty-four-hour period. A medical services plan presumptively presents a danger to public safety or health if it does not provide for the following on site professionals to work the event. **The event shall be staffed by sufficient Medical Aid Personnel as follows:**

20,000 and above 22 plus an additional two for each additional 2,000 anticipated maximum attendees

(i) For a small event: none.
(ii) For a medium event: two (2) Emergency Medical Technicians ("EMTs"), paramedics, or other professionals with equivalent (or higher) medical training.
(iii) For a large event: two (2) EMTs, paramedics or other professionals with equivalent (or higher) medical training, plus an additional two (2) such persons for each eight thousand (8,000) anticipated maximum attendees, or portion thereof, over five thousand (5,000) anticipated maximum attendees.

For the purposes of this section “Medical Aid Personnel” means a person licensed by the State of Florida as an Emergency Medical Technician, paramedic, or other professional with equivalent (or higher) medical training.

The City Manager may approve a plan that does not meet this staffing criteria if it is reasonably shown that public health and safety can be secured through alternative means or that such staffing is not reasonably required for the proposed event.

The foregoing presumption is intended to address an event presenting a moderate hazard. The staffing guidelines set forth above may be decreased or increased as may be reasonably required to secure the public health and safety during the event depending upon whether the event objectively presents a lower or higher hazard. By way of illustration, the staffing guidelines set forth above are intended for moderate hazard events which include, but are not limited to, concerts, carnivals and fairs. Similarly, low hazard events include, but are not limited to, car shows, flea markets, local festivals, craft shows, local sporting events, and organized sporting tournaments. High hazard events include, but are not limited to, an event with stunts or having the potential for special danger to participants or spectators, or the potential for sustained exposure to extreme ambient
temperatures. A low or moderate event may present a higher hazard due to extreme temperatures. Higher hazard events may be required to provide an Advanced Life Support Unit with transport capability. Staffing shall be equipped with customary supplies necessary to treat injuries and illnesses commonly associated with outdoor activities or similar events.

I. A plan for assuring that all stages, booths, tents, scaffolding, or structures of any kind on, under or within which persons may congregate, will conform to applicable building and construction codes in effect within the City, and that any entertainment stage erected on the sandy beach in connection with a special event will be guarded by a certified law enforcement officer, a licensed security guard under F.S. Ch. 493 (Class "D" or better), or an in-house security professionally trained according to recognized standards and authorized and instructed to prevent unsafe, public use or activity on or about the stage twenty-four (24) hours a day, seven (7) days a week.

m. A site plan showing the location and size of the event venue and all parking areas (including required handicap parking), and the location of all other features required by this section. For a sandy beach event, the site plan shall show a cleared east/west corridor on the sandy beach outside the event venue adequate to permit the one-way passage of an emergency vehicle, and a cleared east/west pedestrian corridor at and above the wet sand at the water's edge at least twenty-five (25) feet wide.

n. A plan to provide and control safe pedestrian access between parking area(s) and the event venue which will minimize adverse impacts upon surrounding properties and businesses. For a sandy beach event a plan to keep the east/west emergency vehicle corridor and the waterfront pedestrian corridor open for traffic at all times must be provided.

o. A plan to deal with persons congregating outside the event in public right of ways either seeking entry to the event or attracted to the event should the number of such numbers call for municipal services to a degree above that which the City routinely provided under ordinary, everyday circumstances.
p. A plan to enclose, restrict or control access to all parking at the event venue and to limit the number of persons within the event venue to the maximum number anticipated, and a contingency plan to deal with persons in excess of that number to minimize adverse impacts upon surrounding properties and businesses.

q. For a medium or large event held in any part on the sandy gulf beach, plans demonstrating that the event space on the sandy beach event venue will be enclosed on all sides by fences or other structures adequate to prevent access to the event at any point other than controlled access gates, and also demonstrating adequate egress facilities and routes to clear the event venue in case of an emergency. If any entertainment or activity is provided for the event which is reasonably likely to attract a crowd outside the event venue, the fences or other structures shall be opaque and a minimum of six (6) feet high so as to prevent persons standing on ground level outside the fence or event venue from viewing the entertainment; except that in lieu of a six (6) foot opaque fence on the gulf water side there may be substituted two (2) parallel fences each a minimum of four (4) feet high lying parallel to the gulf water's edge and no less than ten (10) feet apart.

r. During sea turtle nesting season, a plan for the fences to be removed from the beach daily before 9:00 p.m. and not replaced until after the beach has been inspected for turtle nests the next morning.

s. For a large event out of doors, a plan to provide sufficient elevated viewing platforms to permit event security and, upon request, City police to oversee the crowd and be able to identify and respond to a disturbance or unusual activity before it escalates.

t. A list of all live animals to be used in connection with the event and a plan for the care and safe keeping of such animals.

u. For medium events, a cash deposit in the amount of two thousand dollars ($2,000.00) or one thousand dollars ($1,000.00) per day, whichever is greater, but not to exceed five thousand dollars ($5,000.00). For large events, a cash deposit

Ord. 1493
Page 11 of 17
in the amount of three thousand dollars ($3,000.00) or one thousand five-hundred dollars ($1,500.00) per day, whichever is greater, but not to exceed six thousand dollars ($6,000.00). The return of such deposit, in whole or in part, shall be conditioned upon the applicant timely and completely performing all of the plans submitted with the application or reimbursing the City for all direct and indirect costs incurred to protect public or private health, safety or welfare in the absence of such performance or to pay the City any rent due the City for the use of city facilities in the event. In the event any such cost shall exceed the amount of the deposit, the applicant shall be liable to the City for such excess to the extent permitted by law.

v. The plans required by this Article are designed to allow the City to evaluate and assure that the proposed event will not pose an unreasonable danger to public health and safety and will not excessively burden municipal resources without adequate planning so as to create such a danger. Any plan submitted hereunder is presumptively a danger to public health and safety if it does not (i) include evidence that the applicant is reasonably qualified, experienced and capable of executing the plan alone, or written commitments from one (1) or more qualified, experienced and capable third parties promising to execute or assist the applicant in executing the plan and acknowledging that the commitment is being made to induce the City to issue a permit for the event, and (ii) demonstrate that it is reasonably capable of being executed through the equipment, personnel and processes specified in it, and (iii) demonstrate that it will be reasonably effective to protect the public from the health or safety risks it is intended to address.

w. The City Manager may waive any requirement herein if it is reasonably shown that public health and safety can be secured through alternative means or that such a plan is not reasonably required for the proposed event.

(Ord. No. 1379, § 3, 1-5-2016)

Sec. 4-21. - Application fee and municipal services fee.
(1) Application for a special event permit shall be accompanied by one of the following applicable fees for administrative expenses incurred in evaluating and processing the application:

(i) For small event, $50.00.
(ii) For a medium event, $225.00
(iii) For a large event, $350.00.

If an event permit for a large event wholly or partially on the sandy beach is not issued due to other such sandy beach event(s) occurring on the same calendar day the application fee shall be refunded. In the event the City Council shall find that the event will serve a charitable, public and non-religious purpose, it may by resolution waive or lower the application or City services fee, or both, by appropriating general revenue funds to be applied to the fee.

(2) As part of the City's administrative review of an application for a large event permit, the City shall determine the municipal services needed as a direct result of the event and not as a duty to the public generally, together with any municipal services requested by the applicant, and their respective costs, and shall prepare an itemization of the services and their cost (the municipal services fee). The purpose of the municipal services fee is to place upon a large event the marginal cost of providing municipal services which are reasonably necessary to directly support the event.

(3) The level of municipal services required shall be determined by an objective, reasonable examination of the totality of the circumstances, including but not limited to the following factors:

(i) The size of the event venue and the anticipated attendance.
(ii) The location of the event to determine the potential for pedestrian and vehicular congestion.
(iii) The nature of the event, the activities planned during it and the weather conditions of the season to evaluate the danger of harm to persons and property such as a fireworks explosion, a collision of participants or spectators, spectator or participant heatstroke, drowning, and the like.
(iv) The historical density of visitors to the beaches during the annual season of the event and the type of activities, safe and unsafe, in which those visitors have historically engaged.

(v) Whether the event venue is specifically designed and staffed to handle the anticipated needs and effects of the anticipated number of attendees.

(k) (4) The City Manager or his or her designee shall promptly provide the applicant a copy of the itemization and amount of the municipal services fee based upon rates approved by the City Council and attempt to schedule or arrange a pre-permit conference with the applicant, or other means of communication between the city and the applicant as may be suggested by the applicant, in order to discuss the conduct of the event, the coordination of public and private resources and the level of municipal services required and the amount of the municipal services fee. It shall be the Applicant's duty to attend the pre-permit meeting at a day and time convenient for City staff, or to request an alternative to the pre-permit meeting and the City Manager shall allow the request if it is reasonable and practical to do so. Prior to the provision of Special Event Services, the City Manager and promoter shall execute a contract, in a form approved by the City Attorney, which delineates the specific services to be performed including the number and roster of personnel, schedule of work, and all rates, fees, and taxes to be provided by the City and paid by the promoter.

(5) If the applicant does not accept the type and extent of municipal services listed and the amount of the municipal services fee, the City shall nonetheless proceed in ordinary course to complete the application process and either deny the permit through the process contained in this Article without consideration of the applicant's objection to the fee, or if the applicant is entitled to the permit then grant the permit upon the condition that the municipal services fee be paid before the permit becomes valid or effective. The applicant shall have the right to appeal to the City Council the type and extent of services required and the amount of the fee by letter filed with the City Clerk within three (3) business days after the City shall provide the applicant the itemization and amount of the fee which
notice shall state that the applicant may appeal within three (3) business days. The City Council shall uphold or lessen the fee based upon information about the extent of services to be rendered by the City directly related to the event and the cost of those services as presented by City Manager or his designee and the applicant in a *de novo*, quasi-judicial hearing held as soon as may be practicable. The City Council's decision, including its reasons therefore, shall be announced at the conclusion of the hearing and entered onto the record thereof which shall constitute the Council's final order in any subsequent proceedings. The hearing may be continued from time to time in the sole discretion of the City Council. If the City Council is unable to timely conduct or conclude the hearing in time for the event to be held pursuant to an otherwise valid permit, the applicant may pay to the City the disputed fee under protest, and the permit shall become effective so that the event may be held, in which case the hearing shall be held and concluded after the event at a mutually convenient time. If the fee is upheld, it shall be accepted by the City; if it is reduced the reduction shall be refunded to the applicant.
