If emergency repairs are required to be undertaken in the interests of public health, safety or welfare, the Grantee shall notify the Grantor of such repairs as quickly as is practicable; provided, however, that such emergency activities shall not exceed the activities authorized by this easement.

If at any time during the term of this easement, Grantee fails to comply with this requirement, use of sovereignty, submerged lands described in this easement shall immediately cease and this easement shall terminate and title to this easement shall revert to and vest in the Grantor immediately and automatically.

18. **ACCRETION INTEREST**: In further consideration of the issuance of this easement by the Grantor, Grantee consents to the construction and maintenance of the structures authorized hereunder and expressly waives any right, title or interest in and to any accretions or additions to Grantee’s shoreline resulting from any activity approved herein.
