Subject: Bids – Willow Trail Boardwalk @ Conservation Park

Since Conservation Park opened in 2011, staff has been working to implement a management program to restore the former tree farming site to a more natural condition. Recreational and environmental education opportunities are also being developed. Conservation Park’s twenty-five miles of internal trails and boardwalks give the public access to many areas of the park, along with a connection to the entire Gayle’s Trails network. The original 2009 construction plans for the park improvements included a 675 feet long boardwalk on Willow Trail. Due to budget constraints, it was not included in the initial construction contract. This fiscal year, staff budgeted $145,000 to build the boardwalk, to be funded with existing impact fees collected by the Parks & Recreation department.

Staff prepared contract bid documents and publically advertised for construction bids. Eight (8) bidders responded by the closing time and date and a bid tabulation from the public opening is attached. After review of the bids, staff recommends that the City award the Base Bid for the Willow Trail Boardwalk to the low bidder, RJ Gorman Marine Construction, LLC for the amount of $136,699.00. A proposed construction agreement between the City and RJ Gorman is attached for your use as well.
