## 6. BACKGROUND: WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED

In February 2016, the County advertised for bids for year-round removal and impound of vehicles abandoned or illegally parked on the right of ways, and for the impound of scooters operated after dark during Spring Break. On June 7, 2016, the County awarded the contract to White's Wrecker Services.

The City is authorized to piggyback contracts for competitively bid services when the bids for such services have been opened within the last year. This contract expressly contemplated the provision of services to the County and the City.

The County delivered this Contract and Notice of Award to the City on Monday, June 20, and Staff requests it be added to the Council's agenda for consideration at the June 23 meeting so that it may be in place for July 4th weekends.

Wrecker drivers and their drivers are required to comply and be familiar with Florida Uniform Traffic Control Law, F.S. Chapter 316 and F.S. 323.002.

Wrecker drivers shall be thoroughly familiar with the operation on the wrecker.

WRECKERS AND EQUIPMENT

Contractor shall list and enumerate all wreckers and towing equipment that shall be available to respond to requests for service:
Class A wreckers
Slide-back carriers, Class A or B Class B wreckers
Class C wreckers (or greater)

All vehicles must be owned or directly leased by the Contractor or authorized Subcontractors. Contractor shall produce evidence of ownership or valid first party lease of the required number of wreckers and slide back carriers. All equipment shall be maintained in a state of readiness for response as delineated in the Contract.

All equipment shall be free of unsightly damages and shall always be clean and
presentable to the public. All trucks shall have fenders, doors, hoods, and
bumpers intact at all times when in operation. Company names, addresses, and phone
numbers shall be visible on both doors of the Contractor's call for service vehicles.

The Bay County Sheriff's Office and the Panama City Beach Police Department are not
responsible for any damage to a vehicle or personal injury caused by the wrecker driver.

STORAGE LOT

Contractor must have a storage lot located in the area between the Hathaway Bridge
and Phillips Inlet properly identified by signs on the exterior of the fence or structure
and visible from adjacent access roads.

The storage lot shall be of sufficient size to store 50 vehicles, properly spaced

maintained and junk tires and auto parts shall not be stored. It must be screened
from all public rights-of-way by a six (6) foot masonry wall or fence. Any wire at the top
of the wall or fence must be in addition to the six (6) foot. No repair work or servicing of
vehicles shall be permitted in the storage area. Facility shall be lighted and staffed 24
hours per day, seven days per week during the period of operations outlined in the
Contract.

The Contractor shall be responsible for all thefts and damage to stored vehicles
occurring while the vehicle is in the Contractor's possession.

Contractor's storage facilities shall comply will all applicable Building, Zoning, and Fire
regulations.

REQUEST FOR SERVICE AND RESPONSE TIME

All requests for service will be made through the Bay County Sheriff's Office or the
Panama City Beach Police Department. The County or the City of Panama City Beach,
acting through the Bay County Sheriff's Office or the Panama City Beach Police
Department, reserve the right to cancel a request for service at any time, including up
to the time of hookup.

Contractor shall respond to the scene of all requests for service made through the Bay
County Sheriff's Office or the Panama City Beach Police Department within twenty
minutes of receiving the request for service. The wrecker driver shall notify the
Bay County Sheriff's Office or the Panama City Beach Police Department
Communications Section as the case may be of any estimated time of delay and the
reason for the delay.

Contractor will be required to use its own skill, judgment and equipment to responsibly
tow, store and release vehicles required to be towed under the Contract.
The Bay County Sheriff's Office and Panama City Beach Police Department need not be present at the scene to request service.

Contractor shall be obligated to tow vehicles designated by a Bay County Sheriff's Deputy or a Panama City Beach Police Officer, or any law enforcement officer working with either department, as illegally parked within the service area and service period of this agreement. Parking violation tickets may not be issued. Designation shall be made by the officer's oral, radio transmission to his/her dispatcher identifying him/herself, providing a "quick" description of the vehicle(s), the registration number(s) and state of registration and the general location of the vehicle(s). Promptly after designating one or more cars to be illegally parked, the officer will request the contractor to tow and give the contractor the same information given the dispatcher. The officer may, or may not be present when the tow is initiated. If the officer is not present, before initiating the tow the contractor shall confirm by oral communication with the dispatcher that the vehicle identified by location, general description and registration number and state has been designated as illegally parked. The contractor is encouraged to report illegally parked vehicles and request an officer be dispatched to designate them as illegal and subject to tow. The contractor shall not tow any vehicle not confirmed as illegally parked by the officer present or by the dispatcher. The purpose of this process is to expedite removal of illegally parked vehicles by authorizing tows outside the presence of the designating officer, but at the same time having a law enforcement officer create a record, to be confirmed by the contractor, that the vehicle is illegally parked.

During Spring Break only, which is defined as March 1 through March 31, or as otherwise designated by the Bay County Board of County Commissioners on an annual basis, Contractor may initiate towing of vehicles illegally parked within the service area. To initiate this process, Contractor shall first report illegally parked vehicles to the dispatcher, provide a description of the vehicle(s), the registration number(s) and state of registration, and the general location of the vehicle(s). The dispatcher will enter this information into a tow log. Only after the dispatcher gives Contractor approval, may the Contractor tow the vehicle(s).

Bay County and the City of Panama City Beach reserve the right to call other towing companies to provide service within the service area whenever contractor is not able to adequately or timely provide service.

All wrecker operators, telephone operators, storage lot attendants and other personnel utilized by contractor shall at all times be dressed in clean and neat attire and conduct themselves in a calm, polite, professional and respectful manner regardless of how abusive a person offended by the tow may become. In the event of a complaint deemed justified by the Bay County Sheriff's Office or the PCB Police Department, the contractor shall be required to make a written apology to such persons and in such form and substance as the Bay County Sheriff's Office or the PCB Police Department may require.
Sirens on wreckers are prohibited. Unless authorized by the Bay County Sheriff's Office or the Panama City Beach Police Department, flashing amber lights shall not be used while responding to a call for wrecker service.

Unless the Bay County Sheriff’s Office, Panama City Beach Police Department or vehicle owner specifically requests the transport on a slide back carrier, Contractor shall charge the rate for the equipment required to safely tow the vehicle, regardless of the tow vehicle used. Any ancillary service, such as the use of a dolly, dropping and hooking up linkage, is to be performed only if required and appropriate.

When a vehicle is released at the scene by the investigating deputy or officer the wrecker driver shall tow the vehicle directly to the designated storage lot.

COMMUNICATIONS EQUIPMENT

All wreckers operated pursuant to this rule shall be equipped with a business-type communication radio, mobile telephone, or cellular phone. There shall be one radio or telephone for each truck. Such equipment shall be licensed and approved by the Federal Communications Commission (FCC). This equipment shall enable the wrecker driver to communicate with his area of operations from any point within the county or call zone. A citizens band (CB) radio does not meet the requirements of this section.

The Contractor will maintain a central phone number that is answered 24 hours a day.

TOWING AND STORAGE RATES

The applicable tow rate structure shall depend upon the requirements of the towed vehicle, rather than the actual tow truck used; e.g. if a Class “B” wrecker is used to tow a sedan, the Class “A” rate structure shall be the basis for charges imposed.

If prior to towing, a ticketed vehicle is secured to a wrecker and the vehicle owner appears to claim their vehicle, the operator shall be entitled to charge 50% of the regulated tow charge and shall immediately release the vehicle.

Daily storage charges shall be predicated upon each twenty-four hour period, such charges beginning at the actual time of impounding, e.g. 1:00 pm Monday to 12:59 pm Tuesday, will represent one storage-charge day. Pursuant to F.S. 713.78(2) and Bay County Code Chapter 24 Article IV no storage fee shall be charged if such vehicle is stored for less than six hours.

The owner shall be furnished with an itemized statement of all charges for the towing and/or storage of the vehicle when the towed and/or stored vehicle is claimed by the owner.

Bay County, the Bay County Sheriff’s Office, or the Panama City Beach Police Department shall not be held responsible or liable to the Contractor for non-payment of
any towing or storage fees to the Contractor by the owner of the vehicle.

Personal property in the vehicle stored by the Contractor shall not be disposed of to defray any charges for towing or storage of vehicles without a court order.

VIEWING OF VEHICLES/REMOVAL OF PERSONAL PROPERTY

The Contractor shall allow the registered owner or their authorized representative to view said vehicle at all times on the Contractor’s premises without any restrictions or requirements other than proof of ownership. If such proof of ownership is claimed to be in the vehicle, the Contractor shall retrieve those items.

The Contractor shall permit every vehicle owner or their authorized representative to inspect the towed vehicle immediately upon their arrival at the storage site and prior to any payment of charges.

The owner or their authorized representative shall be permitted to remove from the vehicle any and all personal possessions inside but not affixed to the vehicle, including but not limited to radios and telephones, and Contractor shall assist any vehicle owner/representative in doing so. No release or waiver concerning payment of towing and storage shall be required as a condition of release of personal property.

SIGNAGE

Contractor shall provide the County with a sufficient number of metal signs measuring at least 3 inches by 9 inches, which must clearly indicate, in not less than 2-inch high, light-reflective letters on a contrasting background, the name and current telephone number of the Contractor towing or removing the vehicle, which the County shall attach to no parking or tow area signs.

f. WORKERS' COMPENSATION COVERAGE

m. RECEIPT OF INSUFFICIENT CERTIFICATES
   Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the Contractor's obligation to fulfill the insurance requirements herein.

4. ADDITIONAL INSURANCE
   If checked below, the County requires the following additional types of insurance.

☐ Professional Liability/Malpractice/Errors or Omissions Coverage
   The Contractor shall purchase and maintain professional liability or malpractice or errors or omissions insurance with minimum limits of per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts.
   Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great duration as available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provide a retroactive date no later than the inception date of claims made coverage.

☐ Property Coverage for Leases
   The Contractor shall procure and maintain for the life of the lease, all risk/special perils (including sinkhole) property insurance (or its equivalent) to cover loss resulting from damage to or destruction of the building and personal property/contents. The policy shall cover 100% replacement cost, and shall include an agreed value endorsement to waive coinsurance.

☐ Commercial General Liability Increased General Aggregate Limit (or separate aggregate)
   Because the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit of N/A is required by the County for this agreement or contract.

☐ Liquor Liability
   In anticipation of alcohol being served, the Contractor shall provide evidence of coverage for liquor liability in an amount equal to the general/umbrella/excess liability coverage. If the general liability insurance covers liquor liability (e.g. host or other coverage), the Contractor's agent or insurer should provide written documentation to confirm that coverage already applies to this agreement, contract or lease. If needed coverage is not included in the general/umbrella excess liability policy(ies), the policy(ies) must be endorsed to extend coverage for liquor liability, or a separate policy must be purchased to provide liquor liability coverage in the amount required.
Owners Protective Liability Coverage
For renovation or construction contracts the Contractor shall provide for the County an owners protective liability insurance policy (preferably through the Contractor's insurer) in the name of the County. This is redundant coverage if the County is named as an additional insured in the Contractor's Commercial General Liability insurance policy. However, this separate policy may be the only source of coverage if the Contractor's liability coverage limit is used up by other claims.

Builders Risk Coverage
Builders Risk insurance is to be purchased to cover subject property for all risks of loss (including theft and sinkhole), subject to a waiver of coinsurance, and covering off-site storage, transit and installation risks as indicated in the Installation Floater and Motor Truck Cargo insurance described hereafter, if such coverages are not separately provided. If flood and/or earthquake risks exist, flood and earthquake insurance are to be purchased. If there is loss of income, extra expense and/or expediting expense exposure, such coverage is to be purchased. If boiler and machinery risks are involved, boiler and machinery insurance, including coverage for testing, is to be purchased.

The Builders Risk insurance is to be endorsed to cover the interests of all parties, including the County and all contractors and subcontractors. The insurance is to be endorsed to grant permission to occupy.

Installation Floater Coverage
Installation Floater insurance is to be purchased when Builder's Risk insurance is inappropriate, or when Builder's Risk insurance will not respond, to cover damage or destruction to renovations, repairs or equipment being installed or otherwise being handled or stored by the Contractor, including off-site storage, transit and installation.

The amount of coverage should be adequate to provide full replacement value of the property, repairs, additions or equipment being installed, otherwise being handled or stored on or off premises. All risks coverage is preferred.

Motor Truck Cargo Coverage
If the Installation Floater insurance does not provide transportation coverage, separate Motor Truck Cargo or Transportation insurance is to be provided for materials or equipment transported in the Contractor's vehicles from place of receipt to building sites or other storage sites. All risks coverage is preferred.

Contractor's Equipment Coverage
Contractor's Equipment insurance is to be purchased to cover loss of equipment and machinery utilized in the performance of work by the Contractor. All risks coverage is preferred. The contract may declare self-insurance for contractor equipment.
Fidelity/Dishonesty Coverage for Employer (Contractor)
Fidelity/Dishonesty insurance is to be purchased to cover dishonest acts of the Contractor's employees, including but not limited to theft of vehicles, materials, supplies, equipment, tools, etc., especially property necessary to work performed.
*Not required if this coverage is included in “On-hook/Cargo Coverage” or elsewhere in the policy and shown on the Certificate of Insurance.

Fidelity/Dishonesty/Liability Coverage for County
Fidelity/Dishonesty/Liability insurance is to be purchased or extended to cover dishonest acts of the Contractor's employees resulting in loss to the County.

Garage Liability Coverage
Garage Liability insurance is to be purchased to provide protection against claims that may arise from the daily operations or services provided by the Contractor and its employees.

Garage Keepers Coverage (Direct Excess or Direct Primary)
Garage Keepers Liability insurance is to be purchased to cover damage or other loss, including comprehensive and collision risks, for vehicles of others while in the care, custody, and control of the Contractor. Direct Excess provides legal liability coverage, but also will pay for damages that were not your fault if there is no other coverage on the car. Direct Primary provides that your policy pays for damage to the car regardless of fault even if there is other insurance on the car.
Minimum coverage allowable is Direct Excess.

On Hook/Cargo Coverage
This covers exposures that involve property and merchandise of others while in transit, such as a vehicle in tow and its contents.

Watercraft Liability Coverage
Because the Contractor's provision of services involves utilization of watercraft, watercraft liability coverage must be provided to include bodily injury and property damage arising out of ownership, maintenance or use of any watercraft, including owned, non-owned and hired.
Coverage may be provided in the form of an endorsement to the general liability policy, or in the form of separate policy coverage Watercraft Liability or Protection and Indemnity.

Aircraft Liability Coverage
Because the Contractor's provision of services involves utilization of aircraft, aircraft liability coverage must be provided to include bodily injury and property damage arising out of ownership, maintenance or use of any aircraft, including owned, non-owned and hired.
The minimum limits of coverage shall be N/A per occurrence, Combined Single Limits for Bodily Injury (including passenger liability) and Property Damage.

☐ **Pollution Legal Liability Coverage**  
Pollution legal liability insurance is to be purchased to cover pollution and/or environmental legal liability which may arise from this agreement or contract.

☐ **United States Longshoremen and Harbor workers Act Coverage**  
The Workers Compensation policy is to be endorsed to include United States Longshoremen and Harbor workers Act Coverage for exposures which may arise from this agreement or contract.

☐ **Jones Act Coverage**  
The Workers Compensation policy is to be endorsed to include Jones Act Coverage for exposures which may arise from this agreement or contract.

**INSURANCE FOR CITY OF PANAMA CITY BEACH.**  
The insurance provisions set forth above shall govern any piggy back or contract with the Contractor and the City of Panama City Beach.

SCOPE OF WORK

QUALIFICATIONS OF CONTRACTORS

The Contractor, or principles of the Contractor, shall be regularly engaged in the business of providing the services as described herein. The Contractor shall have sufficient financial support, equipment, and organization to ensure that it can satisfactorily execute the services if awarded a Contract under the terms and conditions herein stated. There shall not be any pending criminal charges against the Contractor, principle owners, partners, corporate officers, or management employees.

Contractor shall be fully licensed to perform the work described herein and shall comply with all applicable State Statutes and local codes and ordinances.

WRECKER DRIVER RULES/REQUIREMENTS

All wrecker drivers and drivers must have in their possession a valid Florida Driver’s License for the operation of any vehicle driven. Prior to approval, the Bay County Sheriff’s Office and Panama City Beach Police Department shall obtain background information on each driver, including the driver history record. The Contractor shall immediately notify the Bay County Sheriff’s Office and the Panama City Beach Police Department of any changes in wrecker driver(s), wreckers, wrecker unit number, insurance coverage, or any other changes relating to ownership or management of the business.

Wrecker drivers and their drivers are required to comply and be familiar with Florida Uniform Traffic Control Law, F.S. Chapter 316 and F.S. 323.002.

Wrecker drivers shall be thoroughly familiar with the operation on the wrecker.

WRECKERS AND EQUIPMENT

Contractor shall list and enumerate all wreckers and towing equipment that shall be available to respond to requests for service:
Class A wreckers
Slide-back carriers, Class A or B Class B wreckers
Class C wreckers (or greater)

All vehicles must be owned or directly leased by the Contractor or authorized Subcontractors. Contractor shall produce evidence of ownership or valid first party lease of the required number of wreckers and slide back carriers. All equipment shall be maintained in a state of readiness for response as delineated in the Contract.

All equipment shall be free of unsightly damages and shall always be clean and
presentable to the public. All trucks shall have fenders, doors, hoods, and bumpers intact at all times when in operation. Company names, addresses, and phone numbers shall be visible on both doors of the Contractor's call for service vehicles.

The Bay County Sheriff's Office and the Panama City Beach Police Department are not responsible for any damage to a vehicle or personal injury caused by the wrecker driver.

**STORAGE LOT**

Contractor must have a storage lot located in the area between the Hathaway Bridge and Phillips Inlet properly identified by signs on the exterior of the fence or structure and visible from adjacent access roads.

The storage lot shall be of sufficient size to store 50 vehicles, properly spaced to provide access for removal or addition of vehicles. The storage lot must have a durable surface, properly drained, and enclosed. Shrubbery, trees, and lawns shall be maintained and junk tires and auto parts shall not be stored. It must be screened from all public rights-of-way by a six (6) foot masonry wall or fence. Any wire at the top of the wall or fence must be in addition to the six (6) foot. No repair work or servicing of vehicles shall be permitted in the storage area. Facility shall be lighted and staffed 24 hours per day, seven days per week during the period of operations outlined in the Contract.

The Contractor shall be responsible for all thefts and damage to stored vehicles occurring while the vehicle is in the Contractor's possession.

Contractor's storage facilities shall comply will all applicable Building, Zoning, and Fire regulations.

**REQUEST FOR SERVICE AND RESPONSE TIME**

All requests for service will be made through the Bay County Sheriff's Office or the Panama City Beach Police Department. The County or the City of Panama City Beach, acting through the Bay County Sheriff's Office or the Panama City Beach Police Department, reserve the right to cancel a request for service at any time, including up to the time of hookup.

Contractor shall respond to the scene of all requests for service made through the Bay County Sheriff's Office or the Panama City Beach Police Department within twenty minutes of receiving the request for service. The wrecker driver shall notify the Bay County Sheriff's Office or the Panama City Beach Police Department Communications Section as the case may be of any estimated time of delay and the reason for the delay.

Contractor will be required to use its own skill, judgment and equipment to responsibly tow, store and release vehicles required to be towed under the Contract.
The Bay County Sheriff's Office and Panama City Beach Police Department need not be present at the scene to request service.

Contractor shall be obligated to tow vehicles designated by a Bay County Sheriff's Deputy or a Panama City Beach Police Officer, or any law enforcement officer working with either department, as illegally parked within the service area and service period of this agreement. Parking violation tickets may not be issued. Designation shall be made by the officer's oral, radio transmission to his/her dispatcher identifying him/herself, providing a "quick" description of the vehicle(s), the registration number(s) and state of registration and the general location of the vehicle(s). Promptly after designating one or more cars to be illegally parked, the officer will request the contractor to tow and give the contractor the same information given the dispatcher. The officer may, or may not be present when the tow is initiated. If the officer is not present, before initiating the tow the contractor shall confirm by oral communication with the dispatcher that the vehicle identified by location, general description and registration number and state has been designated as illegally parked. The contractor is encouraged to report illegally parked vehicles and request an officer be dispatched to designate them as illegal and subject to tow. The contractor shall not tow any vehicle not confirmed as illegally parked by the officer present or by the dispatcher. The purpose of this process is to expedite removal of illegally parked vehicles by authorizing tows outside the presence of the designating officer, but at the same time having a law enforcement officer create a record, to be confirmed by the contractor, that the vehicle is illegally parked.

During Spring Break only, which is defined as March 1 through March 31, or as otherwise designated by the Bay County Board of County Commissioners on an annual basis, Contractor may initiate towing of vehicles illegally parked within the service area. To initiate this process, Contractor shall first report illegally parked vehicles to the dispatcher, provide a description of the vehicle(s), the registration number(s) and state of registration, and the general location of the vehicle(s). The dispatcher will enter this information into a tow log. Only after the dispatcher gives Contractor approval, may the Contractor tow the vehicle(s).

Bay County and the City of Panama City Beach reserve the right to call other towing companies to provide service within the service area whenever contractor is not able to adequately or timely provide service.

All wrecker operators, telephone operators, storage lot attendants and other personnel utilized by contractor shall at all times be dressed in clean and neat attire and conduct themselves in a calm, polite, professional and respectful manner regardless of how abusive a person offended by the tow may become. In the event of a complaint deemed justified by the Bay County Sheriff's Office or the PCB Police Department, the contractor shall be required to make a written apology to such persons and in such form and substance as the Bay County Sheriff's Office or the PCB Police Department may require.
Sirens on wreckers are prohibited. Unless authorized by the Bay County Sheriff’s Office or the Panama City Beach Police Department, flashing amber lights shall not be used while responding to a call for wrecker service.

Unless the Bay County Sheriff’s Office, Panama City Beach Police Department or vehicle owner specifically requests the transport on a slide back carrier, Contractor shall charge the rate for the equipment required to safely tow the vehicle, regardless of the tow vehicle used. Any ancillary service, such as the use of a dolly, dropping and hooking up linkage, is to be performed only if required and appropriate.

When a vehicle is released at the scene by the investigating deputy or officer the wrecker driver shall tow the vehicle directly to the designated storage lot.

COMMUNICATIONS EQUIPMENT

All wreckers operated pursuant to this rule shall be equipped with a business-type communication radio, mobile telephone, or cellular phone. There shall be one radio or telephone for each truck. Such equipment shall be licensed and approved by the Federal Communications Commission (FCC). This equipment shall enable the wrecker driver to communicate with his area of operations from any point within the county or call zone. A citizens band (CB) radio does not meet the requirements of this section.

The Contractor will maintain a central phone number that is answered 24 hours a day.

TOWING AND STORAGE RATES

The applicable tow rate structure shall depend upon the requirements of the towed vehicle, rather than the actual tow truck used; e.g. if a Class “B” wrecker is used to tow a sedan, the Class “A” rate structure shall be the basis for charges imposed.

If prior to towing, a ticketed vehicle is secured to a wrecker and the vehicle owner appears to claim their vehicle, the operator shall be entitled to charge 50% of the regulated tow charge and shall immediately release the vehicle.

Daily storage charges shall be predicated upon each twenty-four hour period, such charges beginning at the actual time of impounding, e.g. 1:00 pm Monday to 12:59 pm Tuesday, will represent one storage-charge day. Pursuant to F.S. 713.78(2) and Bay County Code Chapter 24 Article IV no storage fee shall be charged if such vehicle is stored for less than six hours.

The owner shall be furnished with an itemized statement of all charges for the towing and/or storage of the vehicle when the towed and/or stored vehicle is claimed by the owner.

Bay County, the Bay County Sheriff’s Office, or the Panama City Beach Police Department shall not be held responsible or liable to the Contractor for non-payment of
any towing or storage fees to the Contractor by the owner of the vehicle.

Personal property in the vehicle stored by the Contractor shall not be disposed of to defray any charges for towing or storage of vehicles without a court order.

VIEWING OF VEHICLES/REMOVAL OF PERSONAL PROPERTY

The Contractor shall allow the registered owner or their authorized representative to view said vehicle at all times on the Contractor’s premises without any restrictions or requirements other than proof of ownership. If such proof of ownership is claimed to be in the vehicle, the Contractor shall retrieve those items.

The Contractor shall permit every vehicle owner or their authorized representative to inspect the towed vehicle immediately upon their arrival at the storage site and prior to any payment of charges.

The owner or their authorized representative shall be permitted to remove from the vehicle any and all personal possessions inside but not affixed to the vehicle, including but not limited to radios and telephones, and Contractor shall assist any vehicle owner/representative in doing so. No release or waiver concerning payment of towing and storage shall be required as a condition of release of personal property.

SIGNAGE

Contractor shall provide the County with a sufficient number of metal signs measuring at least 3 inches by 9 inches, which must clearly indicate, in not less than 2-inch high, light-reflective letters on a contrasting background, the name and current telephone number of the Contractor towing or removing the vehicle, which the County shall attach to no parking or tow area signs.

(Ord. No. 08-17, § 1, 3-4-08; Ord. No. 12-38, § 1, 12-18-12)
EXHIBIT 3
BAY COUNTY
INSURANCE REQUIREMENTS

1. LOSS CONTROL/SAFETY
   a. Precaution shall be exercised at all times by the Contractor for the
      protection of all persons, including employees, and property. The Contractor shall be
      expected to comply with all laws, regulations or ordinances related to safety and health,
      shall make special effort to detect hazardous conditions and shall take prompt action
      where loss control/safety measures should reasonably be expected.

   b. The County may order work to be stopped if conditions exist that present
      immediate danger to persons or property. The Contractor acknowledges that such
      stoppage will not shift responsibility for any damages from the Contractor to the County.

   c. The Contractor acknowledges that possession, use, or threat of use of
      weapons or firearms is not permitted on County property, including in the Contractor's
      vehicles, unless such possession or use of a weapon is a necessary and an approved
      requirement of the contract.

2. DRUG FREE WORK PLACE REQUIREMENTS
   All contracts with individuals or organizations that wish to do business with the
   Bay County Board of Commissioners, a stipulation will be made in the contract or
   purchase order that requires contractors, subcontractors, vendors or consultants to
   have a substance abuse policy. The employees of such contractors, subcontractors,
   vendors or consultants will be subject to the same rules of conduct and tests as the
   employees of the Bay County Board of Commissioners. In the event of an employee of
   a supplier of goods or services is found to have violated the Substance Abuse Policy,
   that employee will be denied access to the County's premises and job sites. In addition,
   if the violation(s) is/are considered flagrant, or the County is not satisfied with the
   actions of the contractor, subcontractor, vendor, or consultant, the County can exercise
   its right to bar all of the contractor's, subcontractor's, vendor's, or consultants
   employees from its premises or decline to do business with the contractor,
   subcontractor, vendor or consultant in the future. All expenses and penalties incurred by
   a contractor, subcontractor, vendor or consultant as a result of a violation of the
   County's Substance Abuse Policy shall be borne by the contractor, subcontractor,
   vendor, or consultant.

3. INSURANCE - BASIC COVERAGE REQUIRED
   a. The Contractor shall procure and maintain the following described
      insurance, except for coverages specifically waived by the County, on policies and with
      insurers acceptable to the County. These insurance requirements shall not limit the
      liability of the Contractor. The County does not represent these types or amounts of
      insurance to be sufficient or adequate to protect the Contractor's interests or liabilities,
      but are merely minimums.
b. Except for workers’ compensation and professional liability, the Contractor’s insurance policies shall be endorsed to name the County as an additional insured to the extent of the County’s interests arising from this agreement, contract, or lease.

c. Except for workers’ compensation, the Contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

d. The Contractor’s deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the county. The Contractor is responsible for the amount of any deductible or self-insured retention.

e. Insurance required of the Contractor or any other insurance of the Contractor shall be considered primary, and insurance of the County shall be considered excess, as may be applicable to claims which arise out of the Hold Harmless, Payment on Behalf of the County, Insurance, Certificates of Insurance and any Additional Insurance provisions of this agreement, contract or lease.

f. WORKERS’ COMPENSATION COVERAGE

The Contractor shall take out and maintain during the life of this contract the applicable statutory Worker’s Compensation Insurance, and in the case of any work sublet, the Contractor shall require the subcontractor similarly to provide statutory Worker’s Compensation Insurance for the latter’s employees. The Contractor shall require each of his subcontractors similarly to maintain Employer’s Liability Insurance similarly to the Contractor. The Contractor shall provide to the County an Affidavit stating that he meets all the requirements of Florida Statute 440.

Worker’s Compensation – Required limits:
Coverage A – Coverage will include statutory requirements
Coverage B – Employers Liability
$500,000 each Person
$500,000 each Person by Disease
$500,000 Policy Limit - Disease

g. GENERAL, AUTOMOBILE AND EXCESS OR UMBRELLA LIABILITY COVERAGE

The Contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the Commercial or Comprehensive General Liability and Business Auto policies of the Insurance Services Office. Minimum limits of $1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the Workers’ compensation Coverage section) and the amount of coverage required.
h. GENERAL LIABILITY COVERAGE

Commercial General Liability - Occurrence Form Required
Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement contract or lease, and broad form property damage, and property damage resulting from explosion, collapse or underground (x,c,u) exposures. Coverage B shall include personal injury. Coverage C, medical payments, is not required.

i. PRODUCTS/COMPLETED OPERATIONS
The Contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

j. BUSINESS AUTO LIABILITY COVERAGE
Business Auto Liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, non-owned and hired automobiles and employee non-ownership use.

k. EXCESS OR UMBRELLA LIABILITY COVERAGE
Umbrella Liability insurance is preferred, but an Excess Liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages.

l. CERTIFICATES OF INSURANCE
1. Required insurance shall be documented in Certificates of Insurance which provide that the County shall be notified at least 30 days in advance of cancellation, nonrenewal or adverse change. The Certificate Holder will be addressed as the BAY COUNTY BOARD OF COMMISSIONERS, 840 W. 11th Street, Panama City, Florida 32401. All certificates, cancellation, nonrenewal or adverse change notices should be mailed to this address. Each Certificate will address the service being rendered to the County by the Contractor. The County shall be named as an Additional Insured for both General Liability and Business Auto Liability.

2. New Certificates of Insurance are to be provided to the County at least 15 days after coverage renewals.

3. If requested by the County, the Contractor shall furnish complete copies of insurance policies, forms and endorsements.

4. For the Commercial General Liability coverage the Contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of the liability coverage.
m. RECEIPT OF INSUFFICIENT CERTIFICATES
Receipt of certificates or other documentation of insurance or policies or copies of policies by the County, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the Contractor’s obligation to fulfill the insurance requirements herein.

4. ADDITIONAL INSURANCE
If checked below, the County requires the following additional types of insurance.

☐ Professional Liability/Malpractice/Errors or Omissions Coverage
The Contractor shall purchase and maintain professional liability or malpractice or errors or omissions insurance with minimum limits of per occurrence. If a claims made form of coverage is provided, the retroactive date of coverage shall be no later than the inception date of claims made coverage, unless the prior policy was extended indefinitely to cover prior acts.
Coverage shall be extended beyond the policy year either by a supplemental extended reporting period (ERP) of as great duration as available, and with no less coverage and with reinstated aggregate limits, or by requiring that any new policy provide a retroactive date no later than the inception date of claims made coverage.

☐ Property Coverage for Leases
The Contractor shall procure and maintain for the life of the lease, all risk/special perils (including sinkhole) property insurance (or its equivalent) to cover loss resulting from damage to or destruction of the building and personal property/contents. The policy shall cover 100% replacement cost, and shall include an agreed value endorsement to waive coinsurance.

☐ Commercial General Liability Increased General Aggregate Limit (or separate aggregate)
Because the Commercial General Liability form of coverage includes an annual aggregate limitation on the amount of insurance provided, a separate project aggregate limit of N/A is required by the County for this agreement or contract.

☐ Liquor Liability
In anticipation of alcohol being served, the Contractor shall provide evidence of coverage for liquor liability in an amount equal to the general/umbrella/excess liability coverage. If the general liability insurance covers liquor liability (e.g. host or other coverage), the Contractor’s agent or insurer should provide written documentation to confirm that coverage already applies to this agreement, contract or lease. If needed coverage is not included in the general/umbrella excess liability policy(ies), the policy(ies) must be endorsed to extend coverage for liquor liability, or a separate policy must be purchased to provide liquor liability coverage in the amount required.
Owners Protective Liability Coverage
For renovation or construction contracts the Contractor shall provide for the County an owners protective liability insurance policy (preferably through the Contractor's insurer) in the name of the County. This is redundant coverage if the County is named as an additional insured in the Contractor's Commercial General Liability insurance policy. However, this separate policy may be the only source of coverage if the Contractor's liability coverage limit is used up by other claims.

Builders Risk Coverage
Builders Risk insurance is to be purchased to cover subject property for all risks of loss (including theft and sinkhole), subject to a waiver of coinsurance, and covering off-site storage, transit and installation risks as indicated in the Installation Floater and Motor Truck Cargo insurance described hereafter, if such coverages are not separately provided. If flood and/or earthquake risks exist, flood and earthquake insurance are to be purchased. If there is loss of income, extra expense and/or expediting expense exposure, such coverage is to be purchased. If boiler and machinery risks are involved, boiler and machinery insurance, including coverage for testing, is to be purchased.

The Builders Risk insurance is to be endorsed to cover the interests of all parties, including the County and all contractors and subcontractors. The insurance is to be endorsed to grant permission to occupy.

Installation Floater Coverage
Installation Floater insurance is to be purchased when Builder's Risk insurance is inappropriate, or when Builder's Risk insurance will not respond, to cover damage or destruction to renovations, repairs or equipment being installed or otherwise being handled or stored by the Contractor, including off-site storage, transit and installation. The amount of coverage should be adequate to provide full replacement value of the property, repairs, additions or equipment being installed, otherwise being handled or stored on or off premises. All risks coverage is preferred.

Motor Truck Cargo Coverage
If the Installation Floater insurance does not provide transportation coverage, separate Motor Truck Cargo or Transportation insurance is to be provided for materials or equipment transported in the Contractor's vehicles from place of receipt to building sites or other storage sites. All risks coverage is preferred.

Contractor's Equipment Coverage
Contractor's Equipment insurance is to be purchased to cover loss of equipment and machinery utilized in the performance of work by the Contractor. All risks coverage is preferred. The contract may declare self-insurance for contractor equipment.
Fidelity/Dishonesty Coverage for Employer (Contractor)
Fidelity/Dishonesty insurance is to be purchased to cover dishonest acts of the Contractor's employees, including but not limited to theft of vehicles, materials, supplies, equipment, tools, etc., especially property necessary to work performed.

*Not required if this coverage is included in "On-hook/Cargo Coverage" or elsewhere in the policy and shown on the Certificate of Insurance.

Fidelity/Dishonesty/Liability Coverage for County
Fidelity/Dishonesty/Liability insurance is to be purchased or extended to cover dishonest acts of the Contractor's employees resulting in loss to the County.

Garage Liability Coverage
Garage Liability insurance is to be purchased to provide protection against claims that may arise from the daily operations or services provided by the Contractor and its employees.

Garage Keepers Coverage (Direct Excess or Direct Primary)
Garage Keepers Liability Insurance is to be purchased to cover damage or other loss, including comprehensive and collision risks, for vehicles of others while in the care, custody, and control of the Contractor. Direct Excess provides legal liability coverage, but also will pay for damages that were not your fault if there is no other coverage on the car. Direct Primary provides that your policy pays for damage to the car regardless of fault even if there is other insurance on the car.

Minimum coverage allowable is Direct Excess.

On Hook/Cargo Coverage
This covers exposures that involve property and merchandise of others while in transit, such as a vehicle in tow and its contents.

Watercraft Liability Coverage
Because the Contractor's provision of services involves utilization of watercraft, watercraft liability coverage must be provided to include bodily injury and property damage arising out of ownership, maintenance or use of any watercraft, including owned, non-owned and hired.

Coverage may be provided in the form of an endorsement to the general liability policy, or in the form of separate policy coverage Watercraft Liability or Protection and Indemnity.

Aircraft Liability Coverage
Because the Contractor's provision of services involves utilization of aircraft, aircraft liability coverage must be provided to include bodily injury and property damage arising out of ownership, maintenance or use of any aircraft, including owned, non-owned and hired.
The minimum limits of coverage shall be N/A per occurrence, Combined Single Limits for Bodily Injury (including passenger liability) and Property Damage.

☐ **Pollution Legal Liability Coverage**  N/A
Pollution legal liability insurance is to be purchased to cover pollution and/or environmental legal liability which may arise from this agreement or contract.

☐ **United States Longshoremen and Harbor workers Act Coverage**
The Workers Compensation policy is to be endorsed to include United States Longshoremen and Harbor workers Act Coverage for exposures which may arise from this agreement or contract.

☐ **Jones Act Coverage**
The Workers Compensation policy is to be endorsed to include Jones Act Coverage for exposures which may arise from this agreement or contract.

**INSURANCE FOR CITY OF PANAMA CITY BEACH.**
The insurance provisions set forth above shall govern any piggy back or contract with the Contractor and the City of Panama City Beach.
